THE CLEARFIELD PROGRESS, CLEARFIELD, PA., MONDAY EVENING, JUNE 25, 1923.

THIRD PARTY DEMONSTRATION PLANNED FOR SEN. JOHNSON

Advised by Friends to Call the Party Off, But Californian, So Far, Has Been Silent—Figure That Senator Will Play Safe.

By LAWRENCE MARTIN
(United Press Staff Correspondent)

Washington, June 25.—When Hiram Johnson comes marching home the country will be treated to a third party demonstration of a spectacular nature. How substantial or lasting it will be will depend on how Hiram feels about it.

Senator Hiram Johnson, now enjoying a non-political vacation in Europe with Mrs. Johnson, is due back in the United States on the Leviathan July 22.

He will be met at the dock by an enthusiastic band of persons who, for one reason or another, want him to oppose President Harding in 1924, either for the Republican nomination or as a third party candidate. There will be bands and fanfare of trumpets, lots of noise—a good deal of it made to order by paid noise-makers—and a great display of enthusiasm for Johnson as a Presidential candidate.

Johnson is notified. All this will happen if Johnson doesn't stop it by cable or otherwise. He has been notified abroad of the intention of W. R. Hearst and others to put on the great demonstration of Johnson's popularity with the avowed purpose of making him a Presidential candidate. He has been advised by some of his sincere friends to call the party off in no uncertain fashion.

One of Johnson's friends sent him word that if he permitted the demonstration to occur he would thereby commit himself, to a degree, to the party responsible for it. What Johnson's view of this is nobody knows.

His communications from the other side have been confined entirely to telling about the good time he is having.

Johnson lives and learns. Some politicians merely live. There probably is no one in the world outside of Johnson and Mrs. Johnson who knows at this minute whether Johnson intends to seek the Presidency in 1924 or not. He may not know himself. He has been out of touch with affairs here for a long time.

Will Play It Safe. But this much can be stated as a certainty: Johnson will not do anything this year or next year that he thinks will ruin his chances in 1928. He might, of course, be mistaken about what would or would not hurt him for 1928. But it is a perfectly safe prediction that he will not leap into the arms of any third party movement or get astride any Presidential steed until he knows what is what.

Johnson has a lot of political grudges stored up in his system that he will take great pleasure in paying off when he can do so with safety to himself. But he is not going to bite off his own nose to spite his face. In other words, he realizes that considerable of the enthusiasm that will be manifested at the dock when he lands will be an expression of hostility against somebody else, rather than enthusiasm for Johnson. He does not intend to be used to spite Mr. Harding by splitting the Republican party in 1924. If he cannot step out with some chance of being elected, Hiram will not be a candidate.

NEWSPAPER MEN IN PRESIDENT'S PARTY DIE IN AUTO WRECK

Three Men Accompanying President Harding to Alaska, Dead; Another Badly Hurt.

AUTO DROPS 70 FT.

Denver, Col., June 25.—Thomas F. Dawson, Colorado state historian, died in the county hospital here early today from injuries received in an automobile accident to members of President Harding's party this afternoon, bringing the total to three dead of the four passengers of the Denver Press Club car which plunged over a cliff. Dawson passed away suddenly a few minutes after he seemed to have passed the critical stage.

Donald Craig, Washington correspondent of the New York Herald, now remains the only survivor of the accident, which occurred when the automobile, carrying the party of correspondents on an excursion trip in connection with the President's visit to Denver, fell down 75 feet off Lookout Mountain.

Denver, June 24.—Summer Curtin, of Washington, representative of the Republican national committee, who accompanied President Harding's party on its western trip, and Thomas French, of Denver, were killed and two other men were injured seriously when the automobile in which they were making a mountain tour left the road twenty-five miles from Denver. The injured are: Donald Craig, manager of the Washington bureau of the New York Herald and Thomas Dawson, Colo. state historian and a veteran Washington newspaper man. French, driver of the car, died on the way to a hospital.

An operation was performed immediately at the hospital to save Mr. Craig's life. His skull was severely lacerated and it is feared he sustained a fractured skull.

Mr. Dawson suffered a fractured limb, a lacerated foot and possible internal injuries. President Harding telephoned to the hospital to learn the condition of the injured. He expressed great regret over the tragedy.

THE WEEK-END DEATH ROLL TOTALS 38 PERSONS

New York, June 25.—Thirty-eight persons were killed and 184 injured during the week end as a result of automobile accidents in thirty-three cities in the United States.

Pittsburgh, Pa., June 25.—Clarence E. Fryman, a railroad brakeman was instantly killed early today when his automobile left the Clifton-Imperial road near Imperial and rolled down a forty foot embankment. Five other persons in the machine, including Fryman's wife and two daughters and two nephews escaped with minor injuries.

The accident was believed due to Fryman having fallen asleep at the wheel. The family spent Sunday in Wellsville, Ohio, and drove most of the night in the rain on the return trip to Pittsburgh.

Detroit, Mich., June 25.—Fourteen persons were drowned, four were killed by automobiles and twenty were injured yesterday when residents tried to obtain relief from the record heat of the year.

Milwaukee, Wis., June 25.—Five persons were drowned near Milwaukee over the week end while seeking relief from the heat.

St. Louis, Mo., June 25.—Two died from heat prostration and four persons were injured.

NATIONAL COAL MEN MEET IN SCRANTON

Scranton, Pa., June 25. (United Press)—Delegates were here today for the opening of the annual convention of the National Coal Dealers Association. The meeting will last three days.

This is the first time the dealers have ever met in the hard coal region and the men who market the coal supply of the United States and Canada will be given full opportunity to study the mining of coal first hand.

It will also afford an opportunity to observe the miners first hand. The tri-district convention of the United Mine Workers meets here tomorrow to formulate new wage demands.

The convention has proved to be one of the largest the dealers have ever held and the committee found it necessary to arrange for overflow accommodations in Wilkes Barre.

E. W. Parker, representing the anthracite operators, will speak tonight on the mining and preparation of anthracite coal.

Homer Jones, Chicago, is president of the National Association.

PINCHOT'S POWER SURVEY UNDERWAY

Harrisburg, June 25.—Governor Pinchot's great power survey was in the preliminary stage today for a two year program investigation of power reserves in Pennsylvania, authorized by the legislature.

A report was to be completed during this time for recommendation to the 1925 session of the General Assembly. This report would embody the Governor's power scheme for the utilization of wasted sources of fuel and water supplies.

Four general lines of power development will be investigated, according to Wells. They are:

- 1.—Advantage of locating general power plants at coal mines.
- 2.—Possibility of saving the by-products of coal now wasted in fuel power plants.
- 3.—Practicability of electrification of railroads.
- 4.—Means of co-ordinating flood prevention and stream purification with water power development.

GAME PROTECTORS ROUND UP MANY VIOLATORS OF LAW

Girard Township Boy Kills the Only Beaver Clearfield County Has Had in Years.

WAS KILLING DOG

State Game Protectors W. C. Kelley of DuBois, W. J. Davis, of Clearfield and Assistant Delansky, of Sterling are making life miserable for game law violators in this section just now. During the past week or two many violators have been rounded up.

Raymond Maines, a 16 year old Girard township boy was arrested and fined for violation of the game law on Friday last. He has the distinction of being the only Clearfield county resident to be hauled up for such a crime in the history of the State Game Commission. Maines and another lad or two were fishing for trout on Deer Creek a few days ago and a bound dog belonging to the former made up one of the party.

While the boys were fishing they heard a commotion down the creek and hustling to the spot to investigate found the bound and some kind of an animal in deadly combat in a deep hole underneath a jutting rock. As young Maines approached he saw the strange animal seize the bound by the throat and pull him under the water.

The boys ran to the rescue of the dog and with clubs and stones soon put the dog's assailant out of business.

The animal was found to be a beaver, being the only one of its species found in this section of Pennsylvania in years. The penalty for killing a beaver is \$100 fine.

The Game Protectors also picked up the following law violators during the past two weeks:

John Nevosky, of Westover, alien hunting. Gun confiscated and \$25 fine.

ELK COUNTY TOWN SUFFERS FIRE LOSS; AFFAIR OF MYSTERY

Pool Room and Dwelling Burn, While Possible Murder Arouses Curiosity of Natives.

SLEUTHS ARE BUSY

Kersey, Pa., June 25.—The town of Kersey suffered a fire which caused a loss estimated at \$20,000 at about 12:50 o'clock Saturday morning. The two story building owned by R. W. Deagle and used as a pool room, and the vacant dwelling owned by B. J. Fleming, of St. Mary's were totally destroyed. Ridgway and St. Mary's fire departments were called upon for assistance and made quick trips over the mountain. Fortunately the fire was confined to the two structures.

According to information from Kersey the blaze started in the pool room shortly before one o'clock. A neighbor saw the smoke. In a short time the pool room was a mass of flames and quickly communicated with the vacant dwelling adjoining. The belief is held in Kersey that the fire was of incendiary origin as the owner of the pool room had been in Buffalo for two days and the place had not been opened during that time. The fire created intense excitement in Kersey and lighted up the country side.

"Pop, I'm afraid you killed him." These words cried out in a small boyish voice alarmed Ed Cuneo, of Kersey, early Saturday morning just before the alarm of fire in that place.

Mr. Cuneo had been watching three men and a boy repairing a tire on a Ford car which had stopped near the Cuneo residence. At several times angry voices were heard and then Mr. Cuneo heard the shrill cry of the boy, "Pop, I'm afraid you killed him." Mr. Cuneo immediately dressed but the car was driven rapidly away. A pair of glasses were found on the ground.

The Ridgway and St. Mary's police were immediately communicated with to be on the lookout. Anyhow its a deep, dark mystery and only time will prove the solution.

A Ford car No. 371-133 was abandoned at Hellen Mills some time during the night. Blood was found on the rear seat. It is said the parties who were in the car walked back in the direction of Brandy Camp, from whence they came.

ANOTHER STRETCH OF GRAMPIAN ROAD TO BE OPENED SOON

Road from Smith's to Ream's Water Trough Will Be Opened Next Wednesday.

AVOIDS A DETOUR

The Pottsville Construction Company, the concern having the contract for the building of the Grampian-Curwensville State road, expects to open the new road from Sidney Smith farm to the Ream's watering trough on Wednesday next. The concrete on this stretch was completed three weeks ago, and having "cured" the required twenty-one days will be open for traffic Wednesday.

The opening of this stretch of road will be a great convenience to the travel between DuBois and Clearfield as it will not only relieve the necessity of traveling the eight mile detour from Grampian via the Irish school house but will also make it possible to avoid that long and very

CHICAGO FAMILY IN A BIG AIR CARRIER TRAVEL OVER TOWN

"Buck" Weaver and Family, En Route to Jersey, Make Landing Near Winburne.

FIVE IN THE PARTY

The first real passenger carrying airplane or pleasure craft to essay the trip from west to east passed over Clearfield about 7:15 o'clock this morning in the wake of the regular mail plane which "high balls" it over the town enroute to New York about 7 o'clock each morning.

The plane, a big French machine, similar in construction to those being used in the passenger carrying traffic between France and England across the English channel, was sailing majestically along 5000 feet in the air when it crossed over the town. Shortly after leaving Clearfield behind the pilot of the big machine noticed his supply of oil was running low and began to cast about for a place to land. In passing over Cooper township a field on the Henry Hoover farm, about one mile and a half out of Winburne looked good to the aviator and swinging out of his course he dropped gracefully to the surface. Part of the landing gear was torn away when the machine hit the ground and the party was forced to take the New York Central passenger train for New York to continue their journey as it will be necessary to receive some necessary repair parts from Chicago before the flight can be resumed.

The pilot of the big machine was George "Buck" Weaver, of Chicago, one of Uncle Sam's most noted flying instructors during the war, who imparted flying knowledge to more than two hundred and fifty soldier flyers. He was accompanied by his wife, "Buck" Jr., aged 4 years and a Mr. Dickson, of Chicago, who was along for the "carriage ride," while a mechanic made up the party of five.

In conversation with Mrs. Frank Hoover, who made the party comfortable at her home after their "Drop in" from the clouds, the visitors said they had left Chicago Sunday. They intended to make Bellefonte for supper but on account of the severe electrical storm during the afternoon remained in Clearfield, Ohio, overnight and followed the mail plane through this morning. They left Clearfield at 6 o'clock and dropped in the Hoover field at 7:30. They were on their way to Atlantic City.

rough hill road, out of Curwensville into Grampian via of Stronach. When this new stretch is opened motorists will travel straight through Curwensville and up Anderson Creek hill to the Sidney Smith place where they strike the concrete. The Anderson Creek hill is in good shape and those using it will find it in much better condition than the original route to Grampian and the detour also.

The Pottsville people are rushing the work on the road from Stronach toward Bridgeport, and will make every effort to complete the road by fall, although it is going to hustle them to get it all down and cleared up.

Mason & Hanger are arranging to begin work on the concrete bridge at Bridgeport contract for same having been awarded them by the State Highway Department last week.

\$300,000 FIRE AT MT. CARMEL, PENNA.

Mt. Carmel, June 25.—Twenty-eight families were made homeless today and loss to the extent of \$300,000 was caused by two fires within a period of twenty-four hours at Centralia, two miles from here Saturday night and Sunday.

AUTO BANDITS HAVE ELUDED CAPTURE UP TO THIS TIME

Police Learn Names of the Other Two Men Who Were With "Red" Allen in Car.

FORMER RESIDENTS

No trace of the auto bandits who held up Miss Eva DeArment at the Westman's South Second street store Friday evening last, has been secured up to this time, although Chief of Police McMullen feels sure the arrest of the robbers will follow within a few days.

Police have learned that the two men with "Red" Allen in the Ford car, whose number was seen by Chief McMullen as it raced down Fourth street a few minutes

after the robbery, were William and Edward Teot, former Clearfield boys who have been living in Akron, Ohio the past 15 years.

These men came to Clearfield a couple of weeks ago and are said to have confided to friends here they were mixed up in several affairs similar to that of Friday night last in the Ohio city. They are also alleged to have told how they stole the Jordan car they were driving out in Cleveland, Ohio, for the purpose of making the trip to Clearfield.

They became quite chummy with "Red" Allen after their arrival here and the police are further informed that they had listed several other places here in Clearfield that they thought would be easy picking and expected to make a clean-up of all of these before leaving. One of these jobs was to be the daylight hold-up and robbery of a girl clerk in one of the local stores whose duty it is to take the bank's deposit from the store to the bank.

Chief McMullen got in touch with the authorities in the city of Akron and expects that the trio will be landed when they arrive in the "rubber city," where it is thought they headed for when they left Clearfield.

BRITISH GOVT. SEES NO GROUND FOR PROTEST AGAINST DRY RULING, BALDWIN

London, June 25.—Premier Stanley Baldwin announced in the House of Commons today that he could see no grounds for a British government protest against the breaking of British seals in American territorial waters by officials of the United States.

New York, June 25.—Case by case, wine and liquors were taken from the Cunard liner Berengaria today and handed over by customs officials to dry agents ashore. The stores beverage liquor brought under 1 in defiance of the Volstead act applied to the three-mile limit, were carried off the big liner by hand, in low process, while the Berengaria lounged about disinterestedly. Supplies of liquor known to have been brought under seal on other ves-

sels will be dealt with, customs officials said, after the Berengaria's stores of liquor have all been released. The New York customs authorities go through with their program of breaking the French seals. Premier Poincare favors delay in sending this protest in the belief that the law will be changed. Other officials are taking reprisals, especially strict enforcement of the regulations under which American ships could be detained nearly a month from the time they entered a French port.

BERENGARIA'S LIQUOR NAILED UP.

When the S. S. Berengaria, sailing under the British flag, arrived in New York it carried under seal a supply of liquor for the return trip. The room containing the store was nailed up to prevent tampering, but U. S. customs officials claimed the right to unseal the liquor and seize it as they did on the Baltic.

The Week-End Death Roll

Continued from Page One

Sons were drowned over the week end. Temperatures ranging about 90 degrees were registered in St. Louis and vicinity.

Chicago, June 25.—Six week end deaths were reported in Chicago today, bringing the total for seven days to 27. More than 100 persons were prostrated.

Wilkes Barre, Pa., June 25.—Two children were killed and property damage of more than \$50,000 was caused by the storm which swept the Wyoming valley late yesterday and last night, a check-up today showed.

Scranton, Pa., June 25.—Wm. Smith, aged seventeen went bathing in the Susquehanna River near Tunk hamock yesterday, using an inflated inner tube as a life preserver. When a good distance from shore the tube burst and Smith, being unable to swim, sank. Rescuers spent the night working to recover the boy's body.

Why Do We Live?

Some of the inhabitants of the remote parts of central China have the idea that the greater the number of religious beliefs they profess the more certain are their chances in the next world. Members of the London Missionary society, who addressed a series of questions to the working-class population in these districts, received many original opinions as to the purpose of life. Some described it as "To enjoy wealth and happiness, and to make a living." Many others stated that it was a matter of preparing for the next world, and to "live glory to one's ancestors." One man declared that the chief object of existence was "to doke pain."

See the Sahara Reclaimed.

Some day the world will get out of the Sahara all the good it has to offer. Among the desert sands near Blakra, last year, the French laid over eight hundred wells giving life and fruitage to 1,500,000 date palms. There is a chance for immense development of the date industry all along the north edge of the desert south of Morocco, Algeria and Tunisia. Frank R. Cane, a conservative and authoritative writer, says that in time probably a tenth of the Sahara will be reclaimed for human usefulness.

CAMP! CAMP! CAMP! SCOUTS ARE MARCHING

When the Close Season for school begins, the Open Season for camping arrives. During the present decade camping has become one of the favorite pastimes of the nation. Apparently this is due to the missionary work of Boy Scouts. Scouts must be credited with starting this countryward movement for week ends and throughout the Summer months.

Your Boy Scout is a true missionary of the outdoors, converting first of all "those of his own household." Thus the gospel spreads. It is estimated that possibly 400,000 Boy Scouts will live under canvas for a continuous two weeks or more this summer. More than 200,000 went into camps last year, and leaders have been preparing all winter to make this season the biggest in the history of the Movement. There are 635 local councils now, having approximately 12,350 troops with 295,000 scouts under their supervision. Practically every one of these councils conducts a summer camp on easy financial terms and with strict Scouting standards for health, safety and advancement in Scoutcraft. To say nothing of fun. Outside of local council supervision there are about 8,500 other troops with 165,000 boys, also keen for camping.

Here is a tremendous contribution being made to the health of the nation. The standards imposed upon their camps by the Scout Organization call upon every boy in the Movement to respect property rights and Nature's rights as well, when in the woods, and this year a concerted effort throughout the Movement is to be made to deserve the confidence of property owners and to help educate the public to a similar respect for property rights and the preservation of natural beauty both in the woods and along our highways.

GERMANS DISSOLVE PARTNERSHIP WITH CHRISTIAN GOD

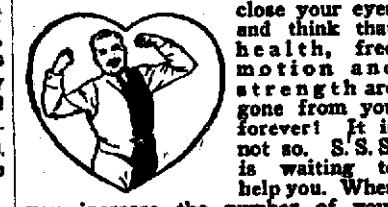

Vienna, June 24.—The German nationalist party in the town of Lenz, Austria, voted today to abolish the Christian God and to set up Wotan, the "father of the gods," in Richard Wagner's operas, as the true god of the German race.

"The Christian God has betrayed the German people into the hands of its bitter enemies and we must return to our old gods," thundered a speaker to several hundred assembled nationalists and there was a deep shout of approval. The assembly voted unanimously to abolish or put away God and set up Wotan.

It is seriously believed among many German country folk, both in Germany and Austria, that Wotan actually existed and that he is still controlling the destiny of the race.

S.S.S. stops Rheumatism

"MY Rheumatism is all gone. I feel a wonderful glow again in the free motion I used to have when my days were younger. I can thank S.S.S. for it all."

you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S.S.S. is the great blood-cleanser, blood-builder, system-strengthenener, and nerve invigorator. S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

K. OF C. INITIATES BIG CLASS SUNDAY

Clearfield Council, No. 409, Knights of Columbus, entertained about two hundred visiting knights yesterday at a meeting at the Hotel Dinsling at which a class of 85 members was given the third degree of the order.

The degree work was put on by State Deputy Griffith, of Pittsburgh, and candidates were present from DuBois, Reynoldsville, Punxsutawney, Oascola, Bald Hill and Clearfield.

Following the lodge services a banquet was enjoyed, the service of same being in the capable hands of the local C. D. of A.

WILL VISIT PACIFIC COAST

Mrs. Daisy Thorn Johnson, accompanied by her son Arden, left Sunday for a two months visit to the Pacific Coast. Mrs. Johnson will go first to Los Angeles, Cal., where she will spend some time with her friend Miss Blanche Minnick, and will then visit relatives in Washington and her uncle William Reed in Portland, Oregon.

Mr. and Mrs. M. S. Bowne and family have returned from Elmira, N. Y., the state where prohibition is a virtue and not a law.

GIFTS

—for— JUNE BRIDES

It's a momentous step in the lives of the young folks when they start out on the long journey that ends in the sunset of their lives. And it is befitting that the occasion should be marked by a gift that she may treasure as long as she lives.

We have a wonderful array of gifts for the brides of June. There is something that any bride will love and cherish as long as she lives. One of the pleasing things about these gifts is, that while they look and ARE better than you'll find most anywhere, the price is lower than you expect.

Come in and see what we have for you.

W. W. O'BRIEN

HONEY DEW MELONS

—and— CANTELOPES

Direct from the Imperial Valley, where they have melon growing down to a fine art, these melons we have for you are something worth while to start the day on.

Take half of one of these melons, chilled thoroughly, and you have something for your breakfast that is a food fit for the gods.

Both the lopes and the melons that we are getting now are something extra fine and you'll enjoy eating even a whole one for tomorrow morning's breakfast.

Ira Clifton Stormer
vs.
Sarah Anne Stormer
No. 5 Sept. Term 1923.

To Sarah Anne Stormer, Respondent. Whereas, Ira Clifton Stormer your husband has filed a libel in the Court of Common Pleas of Clearfield County praying for a divorce from you to which a return of "not in the County" was made, now therefore you are hereby notified and required to appear in the said Court on or before Monday the 2nd day of July, 1923, next, to answer the complaint of the said Ira Clifton Stormer, and in default of such appearance you will be liable to have a divorce granted in your absence.

THOS. J. LOWELL, Sheriff, Clearfield County. Sheriff's Office June 8, 1923. 6/11/18/25 7/2/28

ADMINISTRATOR'S NOTICE

In the matter of the Estate of Tillie Honke, late of the Township of Morris, Clearfield County, Pennsylvania, deceased.

Letters of Administration having been granted to the undersigned in the above estate, all persons knowing themselves to be indebted to the said estate are requested to make payment, and those having claims to present the same without delay to LEWIS HONKE, Administrator, Philipsburg, Pa. 6/11/18/26 7/2/29/46

SHERIFF'S NOTICE

In the Court of Common Pleas of Clearfield County, Pennsylvania. September Term, 1923.

In the matter of satisfaction of mortgage recorded in Mortgage Book "B," page 120. To the Legal representatives of James T. Leonard, deceased, or whoever may be the holder or holders of the mortgage hereinafter mentioned: Take notice that on the 14th day of May, 1923, G. M. Passmore presented his petition asserting that he is the owner of the premises described in said mortgage.

That the said mortgage remains unsatisfied upon said premises being a mortgage, given by George Passmore to David Whitmer, dated the 30th day of May 1906, recorded in Mortgage Book "B," page 120; said mortgage having been assigned to James T. Leonard on the 20th day of July, 1906, said assignment recorded in Mortgage Book "B," page 129; that it is asserted that said mortgage has been fully paid; that petition was presented to the Court praying for satisfaction of said mortgage.

Notice is hereby given that the Sheriff of Clearfield County is directed to give public notice to all the legal representatives of the said James T. Leonard, deceased, by advertisement in the Clearfield Progress requiring them to appear in the Court of Common Pleas of Clearfield County on the first Monday of September, 1923, being the 3rd day of September, 1923, and answer the facts set forth in said petition.

THOS. J. LOWELL, Sheriff. 6/11/18/25 7/2/28

SHERIFF'S NOTICE OF SERVICE OF RULE OF EJECTMENT

In the Court of Common Pleas of Clearfield County, Pa.
No. 105 Sept. Term, 1923.In the matter of the Petition of Helen Umehy for a rule on Morris Shannahan and William Shannahan, their heirs or assigns or other parties in interest, to bring ejectment within six months.
And now June 2nd, 1923, the foregoing petition having been read and considered and presented in Open Court, and after investigations of the same having been taken thereon and due proof of the allegations set forth in the petition having been made to the satisfaction of the Court, a rule is granted upon the said Morris Shannahan and William Shannahan, their heirs or assigns, and all other parties in interest therein and having an apparent interest in or the title of the real estate mentioned in the said petition, but not having been in possession thereof for a period of twenty-one years preceding the date of this application to bring his, her or their action in ejectment within six months from the date of the service of the said rule upon him, her or them or show cause why the same cannot be brought. It is further ordered and decreed that service of said rule be made upon the parties claiming or having apparent interest in or title to the said real estate by the Sheriff of Clearfield County in the Raftsmans Journal and the Clearfield Progress, two newspapers of general circulation printed and published in the County of Clearfield, once a week for six consecutive weeks in accordance with the next of Assembly in such case made and provided. Said rule to be returnable the first Monday of August, 1923.

By the Court, Singleton Bell, P. J. THOS. J. LOWELL, Sheriff, Clearfield County. 6/11/18/25 7/2/28/46

ODDS AND ENDS AND THINGS

By J. D. C.

With the reappearance of the 17-year locust, or the periodical Cicada, in many sections of Pennsylvania this year, considerable credence has been placed in the statement that the insect is poisonous or otherwise injurious to human beings.

To correct this false impression, held by a surprisingly large number of people, the bureau of plant industry of the Pennsylvania department of agriculture tells us that the locust cannot sting a person because it has no stinger, and that it is unable to cause harm in any other way.

The locust, instead of being viewed as an object of fear, should be made the means of an interesting nature study. If one is picked up and examined closely, the mind of the examiner would soon be set at ease upon finding that the mouth parts of the insect are so constructed that it is unable to inflict the injuries with which it is sometimes credited.

The examination of several specimens will disclose the fact that some locusts have wartles or bellows in the side of the body underneath the wing. These constitute the musical apparatus and are to be found only in the male.

The females are interesting in that they have an awl-like ovipositor which is used to make openings in tender twigs in which the eggs are deposited. The ovipositor is of a heavy, tough material, is pear-shaped and in parts, the ends being serrated similar to saw teeth. These are worked back and forth to make the openings in the wood for the eggs.

Valuable records are being gathered by the bureau of plant industry in regard to the distribution of this particular brood of the Cicada, since it is the oldest brood of which there is any record. Specimens, together with any interesting information as to the degree of infestation should be sent to the bureau to help make these records complete.

No wonder Johnny Bull is kicking about Uncle Sam confiscating his booze when Johnny's ships reach our side of the "big creek." On the last trip of the Steamship Majestic, arriving here just before the search and seizure last week on during the voyage 200 bottles of wine and 68 bottles of spirituous liquors were served in the dining saloon, and at the bar the following liquors were disposed of:

384 quarts of spirits.

6 bottles of liquors.

181 bottles of wine.

4,120 bottles of malt.

624 gallons of draught beer.

In addition, 98 pints of champagne.

87 quarts of other wines, 3 quarts of liquors and 81 bottles of spirits helped offset the tedium. The Majestic carried 812 passengers. Some think.

Mount Etna, the volcano which has been belching lava over a large section of Sicily the past ten days, first got itself into the news away back in 476 B. C. with an eruption of extraordinary violence, and has continued to erupt ever since at frequent intervals.

Entered in Post Office at Clearfield, Pa., as second class mail matter.

One of our very "wet" friends called at this office this morning just to inform us, he said, that "if this mix-up over Johnny Bull's liquor at the steamship docks in New York leads to war between England and America, we can count on when it comes to filling up the firing line," and suggested that if the worst comes the "drys" should all be lined up in the front ranks and sent to fight the battle of the bottle. He assured Andy Volstead's foe that he no doubt would not be called upon until the "last ditch" was reached and the "drys" had their backs to the wall, and he went on his way whistling.

The passage of "Buck" Weaver and his family and friends through Clearfield this morning, en route from Chicago to Atlantic City, is the first family air party to come this way. How long it will be before regular air passenger carrying service between the east and the west will be established as a convenient proposition? Ten hours between the sweltering heat of the Illinois metropolis and the cooling waters of Atlantic City will appeal to many and that appeal can be marketed into a paying proposition—and will be before long.

Every effort should be made by the local and county authorities to run down and punish the three youthful auto bandits who held up the manager and robbed the cash register at the South Second Street branch of the Workman's Cash Grocery. Prompt punishment in this case will deter other rattle-brained, misguided young men from attempting such things.

The alleged fact of their having planned to rob other places in the town, and seriously considered holding up and robbing a young lady messenger on her way from the store where she was employed to the bank, shows the desperate intentions of such young men. Drastic steps are needed in such case as this and nothing should be left undone toward apprehending and punishing these highwaymen.

WE HAVE A FEW MT. ETNAS OF OUR OWN!

REVENUE OF STATE GAME COMMISSION IS GREATLY INCREASED

Harrisburg, June 25. (United Press)—Estimated revenue of the State Game Commission for the 1922-23 period was placed today at \$925,000, approximately \$125,000 more than the average of the past four or five years.

According to a statement issued by Seth E. Gordon, secretary of the commission, expenditures have exceeded revenue since 1919; most of which has been incurred in the purchase of lands for game refuge purposes.

More than 20,000 acres have been bought, and game has been purchased in much larger quantities than ever before, according to the statement. It is expected that the revenue of the commission in each year will be approximately \$1,000,000.

The Game Commission, according to Gordon, is running on about the same basis as during previous years. If savings and economies are practiced, it was stated, "a correspondingly larger amount will be available for these purposes."

Disbursements during the past six years from revenues obtained in hunting licenses have been as follows:

Year	Activities	Bounty
1917	\$104,098.44	\$107,718.83
1918	181,398.17	69,859.72
1919	250,441.08	78,364.02
1920	411,496.74	132,572.72
1921	537,598.48	187,768.51
1922	402,647.1	130,509.50

WIFE DESERTERS TO BE ROUNDED UP

Philadelphia, June 25. (United Press)—The District Attorney's office here has launched a campaign to round up deserting husbands and wives who have more than \$1,000 in assets and are public charges.

Each desertion case is costing the county between \$500 and \$1,000 a year for maintenance. The campaign is being conducted with the aid of the county commissioners whose records show tax payers are charged heavily to support the deserted victims.

The men that are brought to justice will be sentenced to the house of correction where they will earn 65 cents a day on the rock pile unless they guarantee to provide for their families.

HORSESHOE GAME TUESDAY EVENING

The first three games of the series of the Between Lloyd B. Johnson, county champion, and S. Boyd Smith, will be pulled off on Tuesday evening at 7 o'clock on the Fourth and Reed streets court.

These are the games the fans have been waiting for and will attract a large crowd. Johnson will work hard to defend his title and Smith will try just as hard to beat him and it promises to be some "slipper slapping."

Should the weather be unfavorable the game will be on the first good evening following.

STANDARD WEIGHING MACHINES ARE TO BE INSTALLED NOW

Harrisburg, June 25. (United Press)—Rigid enforcement of the serialization act, governing weights and measures, has been ordered by the Pennsylvania Department of Internal Affairs, W. B. McGrady, Director of the Bureau of Standards, announced today.

The act has been in operation long enough to permit manufacturers to clear the markets of Pennsylvania of types of devices that have not been approved, McGrady said today.

A list of manufacturers of weighing and measuring devices that have been approved has been sent to all inspectors of the state.

In addition, a list of scales, counter racks, ice cream and oyster containers, berry boxes and other devices not approved has been furnished, in order to facilitate enforcement of the act.

BROTHER DROWNED IN CALIFORNIA

John M. Bain was advised by letter today of the death by drowning of his brother Charles Bain, which had happened on June 15th last.

G. F. Banta of 303 Turnpike avenue, was operated on for appendicitis at the Clearfield hospital last evening. His condition is good.

Progress Editorial For Women

TOO MANY NOON-HOUR BRIDES

By FLORENCE DAVIES

Eating the noon-hour bride.

She's a product of modern times, a matrimonial speed artist.

She doesn't believe in flub-dubs and wedding fluff.

She says, "None of that for me," when she hears of tears and showers and bridesmaids and elaborate trousseaus. "None of that for me—I won't be bothered. I'll just walk up to the minister and have it over with."

And sometimes that is just about what she does. She gets it over with wedding ceremony, marriage and all, before even a year has elapsed.

The small apartment, the modern business woman, and the high cost of wedding fluff have all conspired to create this new type, the noon-hour bride. Weddings are too expensive, time is too short, for these queer new fashioned brides, to whom getting married is just an incident like ordering the groceries by telephone.

How very sensible they are, not to waste a lot of money on fluff and bother their friends with having them in a lot of foolish parties—how very sensible! and how very mistaken.

It's an odd thing, but society seldom spends centuries in evolving customs only to be mistaken by them. The noon-hour bride, who takes an extra half hour off to repeat her wedding vows, is a splendid example of the kind of absolute rationalism which ends by being meaningless. For it has lost all fine over-tones of meaning.

Perhaps it is foolish to spend a year in buying little pretty things, sewing lace by the yard on flimsy undergarments and keeping the "green

trunk" wide open for contributions of fine linens from friends. But it's the kind of foolishness that makes a splendid foundation for happiness, for it's the fine sweet foolishness of love.

There is the little flapper, for instance, who announces that she has trapped the fine young chap for whom you had hoped so much. Just at first. Just at first you may pity him, for you think the little girl hardly worthy of his promising future.

But not so fast. If she cares enough about this new relationship to work and plan and dream, if she is enough in earnest to want her wedding to be a gala affair, to make it the high moment of her life to insist upon the hand-wrought bits of finery for herself and her home, to want all to be in readiness, and as near perfection as possible, from the orange blossoms in her veil to the gay stitchings on the dusters for her house, you need have little fear that the pretty little flapper will fail her new found hero.

Carping critics may lament all this botheration of June brides and June showers and June weddings. But they don't know what they are talking about.

It is quite as it should be that the girl who expects her wedding to mark a turning point in her life should make that wedding an event of some importance, however modestly she may plan its appointments.

What we need is a few more old fashioned brides whose homes are going to represent their careers, and not quite so many noon hour brides who are going right on with their jobs and making a kind of an excuse for a home on the side.

ANOTHER BUCKET SHOP BURSTS

New York, June 25.—Failure of the small stock exchange house of the small stock exchange house of Einstein, Ward & Company was announced from the rostrum of the New York Stock Exchange today. The liquidation of the firm are said to have been completed and the principal assets of the firm are being sold.

\$25,000 OIL FIRE AT CLARION

Clarion, Pa., June 25.—An oil fire at Lucinda, Clarion county, was kept under control at 8:00 a. m. after destroying ten oil and gasoline tanks. The damage will reach \$75,000.

The fire started Sunday afternoon when two tanks were ignited by a bolt of lightning. Heroic efforts of the firemen and shifting of the wind saved the refinery.

THE AMERICAN LEGION

(Copy for This Department Supplied by the American Legion News Service)

ILLINOIS MEN WIN BONUS

Supreme Court Upholds Act Providing for the Allowance of Fifty Cents Per Day.

The close relation existing between the services of the individual soldier of the World War and the general welfare of the state gives rise to a claim appealing to a universal sense of fairness and justice, declared the opinion of the Supreme court of Illinois in upholding the bonus act of that state. The court was unanimous in the constitutional validity of the act and by this decision paved the way for 300,000 ex-service men and women to obtain a state bonus.

The Illinois act provides for the payment of 50 cents per day for each day of service in the army, navy or marine corps. The maximum payment which any veteran may draw is \$300. To pay the veterans a bond issue of \$25,000,000 has been made and will be sold immediately. Palmer D. Edwards, chief clerk of the board which passes on the bonus applications, has estimated that payment will begin about July 1, and that the former soldiers will be paid at the rate of approximately 24,000 a month. Applications to the number of 200,000 are already on file with the board.

The case in the Supreme court, a "friendly suit" brought by the father of a Legion man of Springfield, Ill., attracted much attention. It was the contention of the attorneys for the applicants that the law violated the constitution by granting extra compensation after public service had been rendered.

The opinion of the court, written by Chief Justice Thompson, and without a dissenting vote, held that the recipients of compensation in the case did not come within this specification of the constitution. They, the opinion said, do not stand in the relation of a public officer, agent, servant or contractor of, or with the state, and "that the section has no application here." The activity of the American Legion in assisting the securing of the passage of the Illinois act is well known. The organization was called on to write the act and was at all times active in moving toward its passage. On the eve of the election by which the voters of the state approved the bond issue to pay compensation, the organization staged a demonstration throughout the state that won thousands of votes. Under advice of the Legion, the ruling was made by the bonus board that all service should be compensated at the expedited rate until 1926. The previous acceptance had been for service actually rendered before the armistice.

USED FLOUR TO 'RAISE DOUGH'

Unique Money-Raising Plan Successful. Carried Out by Waukegan (Ill.) Legion Auxiliary.

By use of a unique funding plan, the American Legion Auxiliary at Waukegan, Ill., has succeeded in providing club-room furniture for the Legion post of that city. Little expense was incurred in the campaign and the ladies were able to deliver a sufficient fund to the members of the Legion to completely equip the clubrooms.

A house-to-house canvass was made by the auxiliary, women in the interest of a certain brand of flour. When a Waukegan woman was impressed by the "canvasser" and they usually were—she placed an order for a bag of flour to be delivered at a future date.

On every barrel of flour sold the women received \$1, the post being set at \$1,000, which was a considerable sum. A short time later, incidentally, Waukegan grocers were happy to pay in a large stock of the flour to care for the demands from the result of the canvass of the workers.

TO THOSE IN OCEAN GRAVES

Special Memorial Services Conducted by Legion in Honor of Victims of Sea Warfare.

Those Americans who perished at sea during the World War were paid fitting tribute on Memorial day by the American Legion. Hundreds of Americans went down as sea victims of the submarine and their unmarked graves were remembered.

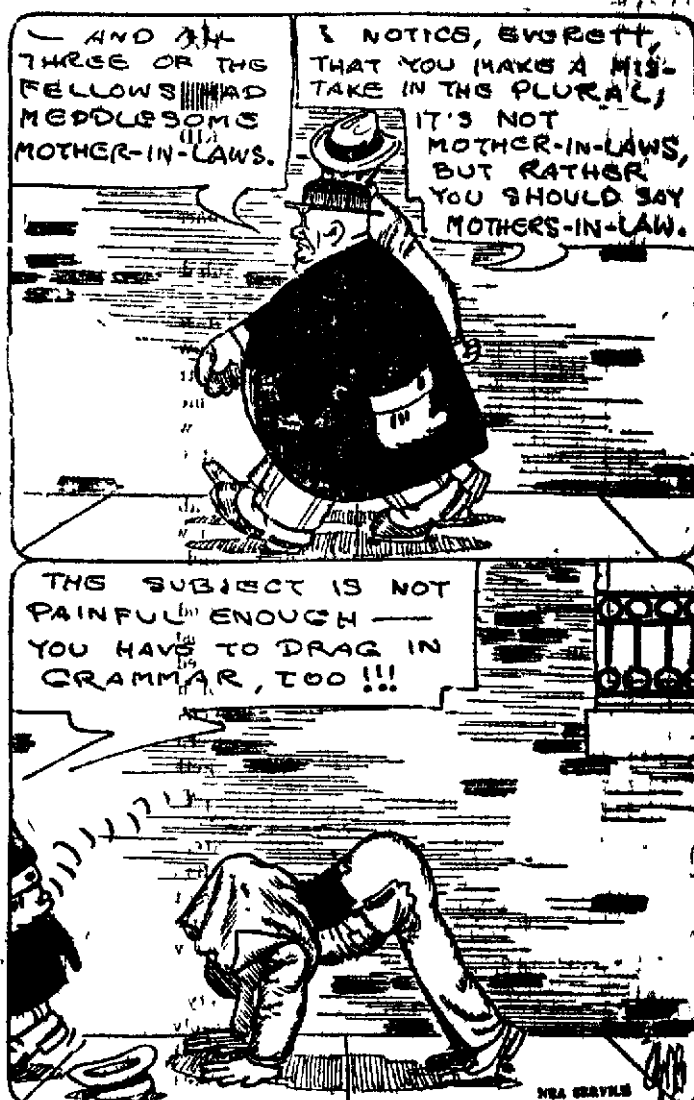

On the Ticonderoga alone 213 brave Americans went down, and scores of others perished in a similar manner. Recognition of the sailor's part in the war was paid by numerous poems of the Legion when the members set adrift barrels of flowers in memory of those who perished at sea, now resting in wave-swept graves.

Heavy Load for Legion. Kenedaw Mountain Ladies, supreme arbitrator of organized baseball recently predicted that "within five years shaggy supposedly able-bodied veterans will begin to falter because of shock and exposure suffered in the trenches." And he added: "The American Legion is the only body which is taking an active stand for justice to disabled men, and on the Legion will fall the responsibility of seeing that congress does its duty."

Optimistic Thought. The "impossible" becomes possible when courage spurs the soldier.

EVERETT TRUE

By Cond

BETTER TAKE TO THE AIR

Brussels, June 23.—King Albert sustained a broken wrist and other injuries today when he was thrown from his horse at Lieken.

BERRY-MICKLES

Richard Berry, son of Mrs. R. Berry of DuBois and Miss Agnes Mickles, daughter of Mrs. Rose Mickles, also of DuBois, were quietly married at the Lutheran parsonage this morning by Rev. E. Roy Hausel. They will reside in DuBois.

Accomplished It.

Wife (to much damaged motorist)—"Why, Billy, what have you done?" "Well, the instruction book says you can't go from high gear to reverse without entirely stopping the car, but I did it."—Life.

Hot Sand Bottle.

When your hot-water bottle starts to leak never throw it away. Heat clean, white sand in the oven and pour it into the bag or bottle. The sand will be found better than the water, as it retains the heat longer.

Treating Rat Bite Fever.

Rat bite fever is now recognized as a distinct disease. The organism that causes it was discovered and isolated two years ago and called Streptobacillus mallei. Upon being bitten by a rat the wound should be cauterized as soon as possible. If the fever appears, a vaccine is administered. Dr. Wilder, of New Haven says in the Journal of the American Medical Association that this results in 83 per cent of cures.

Woodcuts.

The art of wood engraving is very old. When it was first used a prince who could write, these woodcuts for attesting documents were in use in Europe. But before that the Chinese had invented the art. In modern times the woodcut has been submerged by other methods of reproducing drawings and photographs, but the art is now being kept delightfully alive by the Society of Wood Engravers of London.

Superstition Concerning Moon.

Why is it considered unlucky to see the new moon through glass? Moon worship is one of the oldest forms of religion, and the new moon as the symbol of reviving life was so sacred that whole tribes would assemble waiting for it to appear. Anyone who saw it through glass must have been in doors, and therefore absent from the sacred ceremony of welcome.

Daily Thought.

If God gave you gaiety and cheer of spirits, lift up the careworn by it. Wherever you go smile and sing. In every household there is drudgery. In every household there is sorrow.

Optimistic Thought. It is the naval power of a country that gives it authority in the most distant nations of the earth.

MINERS ENJOY GOOD EATS

This business of coal mining isn't such a bad game after all, or at least not all the time. The miners at Chase mine enjoyed a fine chicken and ice cream supper last Friday evening, a correspondent informs us.

Mrs. Blanche Caldwell and Mr. and Mrs. Paul Raymond and daughter Jean returned home Saturday evening after spending a week with relatives in Buffalo and Niagara Falls.

Wholesome Retribution.

"I hear they are going to close up the saloons in Crimson Gulch." "Yes," exclaimed Tarantula Tim. "The lick has been getting poorer every year as us citizens is willing to go without for awhile for the sake of panache the bartenders."

Cocoa Trade Important.

The trade in cocoa, which is the dried meat of coconuts, is one of the important trade lines of the world's markets, cocoa giving forth cocoa oil, which has many uses, its principal use being in the making of soap by the great soap manufacturers of the world. Cocoa butter has also come to be an important article of world commerce and much dried coconut meat is used throughout the world in the confectionery business.

"Vegetable Wool" Valuable.

Porto Rico's "vegetable wool" is highly esteemed for filling pillows, upholstery uses and the like. It is used in England for the manufacture of hats known as "cactos." The wool is the dried fiber about the seed of the tree. The fiber looks and feels like wool or fur. It is soft and silky.

Foot Burning

Lies in the Joints

When Joint-Ease Soaks in Foot Agony Gets Out—Quick

You can't get rid of sore, inflamed feet unless the remedy you use soaks right into the many joints and tendons of the feet.

For that is where all foot trouble starts. Treating the skin with powders and

baths does no real good—it's a thing of the past—try the new way. Just rub on Joint-Ease—Watch it soak right in in one minute—the sorest of burning feet, like new in a couple of days! It's a stainless preparation and a tube is only 60 cents.

Progress Want Ads Pay BIG

HEARD ALONG THE BANKS OF THE MOSHANNON

Mr. and Mrs. C. E. Hipple, of near Winburne, celebrated their silver wedding anniversary on June 22nd. About fifty guests were in attendance, including Rev. Bloom and Mrs. Rev. Bloom, delivered a fine and appropriate address. A delectable dinner was served, and all enjoyed the occasion immensely. The Hipples are well known throughout the township section and are loved by all who know them.

The contract for the erection of the new Copper Township high school to replace the one destroyed by fire during the winter was awarded to A. J. Hess of Winburne. The building to be brick cased and possessing all the modern conveniences. The consideration was \$28,000.

Reed and Frank Morningstar have returned from Bedford, where they attended the three-day convention of the Pennsylvania Baker's Association. The former was elected a member of the Executive Committee.

The contract for the erection of the new Copper Township high school to replace the one destroyed by fire during the winter was awarded to A. J. Hess of Winburne. The building to be brick cased and possessing all the modern conveniences. The consideration was \$28,000.

A Student of Nature.
The angler is a student as well as a lover of nature, and he knows that without the insect-eating birds there can be no trees, that without trees there can be no waters, that without waters there can be no fishes, and that without fishes there can be no fishing.—From "The Determined Angler" and the Brook Trout," by Charles Bradford.

New York Central station, Morristown, Saturday evening. Fortunately no one was hurt much but the cars were badly damaged. A Ford and a Chevrolet roadster collided in front of the Cottage State Hospital Friday evening. No one was injured and neither car was damaged.

Carl R. Nordberg, of Philipsburg, and Miss Anna E. J. Lehr, of Frostburg, Maryland, were united in marriage Thursday evening at the bride's parental home, Rev. Calvin Sykes, of Altoona, performing the ceremony. Miss Edith Nordberg, sister of the groom, of Philipsburg and Clifton Lehr, brother of the bride, attended the couple. The contracting parties have been residents of Altoona for some time and following a delightful wedding trip to eastern cities, will take up their residence after Sept. 1, at 1214 Nineteenth avenue, Altoona. Among the guests at the wedding and reception which followed were Mr. and Mrs. Nordberg, son and daughter, Walter and Anna Edith, of Philipsburg.

Forecasting Weather.
When the mercury falls suddenly in hot weather, look out for thunder or high winds. In frosty weather a thaw is foretold. When the weather is already wet and the mercury continues to descend, more rain can be expected. During winter, if the movement of the mercury is unsettled, with sudden rises and falls, unsettled weather conditions are likely to prevail.

Sound Body and Mind.
Not all the battles have been fought with the sword and shield, not all rebellions have been struggled out on the field of battle, not all achievements reached by the nobility. Men have come to realize that sound bodies and minds are of less importance than sound spirits.

Wild Burros a Nuisance.
Wild burros in the Grand Canyon of the Colorado are said to be increasing in number to the point where they are becoming a nuisance. The chief forest ranger of the region reports thousands of the little animals running wild from Supai to the mouth of the Little Colorado.

COMMUNITY SERVICE IN FINE SHAPE

The Community service is getting into fine shape and this summer's work promises to be better in every way than last summer.

The four playgrounds opened today with a very promising start. They are getting fixed up as well as can be expected.

The East End playground, when finished, promises to be one of the best in town. It is fortunate in having a fine natural park for the children. It is the prettiest playground in town. Last Friday Mr. Alkey was at the playground all day and supervised the work being done. He was very ably helped by men lent from the two brick yards, tile plants and the refrigerator plant. These men worked all day and accomplished a great deal. They got the wading pond for the kiddies nicely started; besides making a baseball diamond and making several benches for the visitors to sit on. There are many improvements to be made, which the men will do whenever they have any spare time. About five o'clock a lunch was served and the men enjoyed it very much. Late in the evening they served another lunch to the men.

The other playgrounds are hustling around and getting things in tip top shape, too.

Forecasting Weather.
When the mercury falls suddenly in hot weather, look out for thunder or high winds. In frosty weather a thaw is foretold. When the weather is already wet and the mercury continues to descend, more rain can be expected. During winter, if the movement of the mercury is unsettled, with sudden rises and falls, unsettled weather conditions are likely to prevail.

Harry's Suggestion.
Harry had been sleeping alone for nearly a week, which was a new start for him. One night a storm came up and the wind blew, shaking the doors and windows. This woke Harry, and he was much frightened and thought or nothing except screaming for his mother. His mother heard his cries and lay down with him. She turned her back to him, thinking she might get some sleep. Suddenly she heard a frightful whisper, "Mother, if I was you I'd..."

Try a Progress Want Ad.

ACCIDENT PATIENTS IMPROVING

Word from the hospital at noon today is to the effect that the victims of Friday night's automobile accident are all getting along satisfactorily. Charley Bigthe whose internal injuries consist of a rupture of the bladder among other things, is much more cheerful today and does not suffer so much pain as heretofore. Charley Waple's crushed arm is giving him considerable pain but otherwise his condition is good. Walter Barratt is also getting along finely.

INTEREST INCREASING

The Week Day School of Religion now conducted in St. John's Lutheran church took on new life at the beginning of the second week. The hundred mark was crossed this morning. The interest is splendid and the work being done is very gratifying. The venture has proven a success in every way.

Interesting Machine.

The most interesting perpetual motion machine, was the clock built by James Cox, a London jeweler, in the eighteenth century. This was made self-winding by a barometer attachment arranged to actuate a cogwheel in such a manner that whether the mercury rose or fell the wheel always revolved in the same direction and kept the clock weight always wound up. The chief difficulty Cox had to overcome was to prevent overwinding. This he accomplished by a device that caused the cogwheel to throw itself out of gear when the weight was wound nearly to the top.

A Disciple of Chivalry.
A lad with tortoise shell glasses read "The Knights of the Round Table" in a subway train, while an elderly woman and a girl club to straps directly in front of him.

STOP ITCHING ECZEMA Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds.

HUNTING BIG GAME WITH A CAMERA AT DRIGGS TONIGHT

When Sidney Snow accompanied his father, H. A. Snow into the wilds of darkest Africa, he thought that whatever pictures he might take would prove the basis of the greatest and most sensational motion picture ever made, was furthest from his mind. He took along the camera more as a matter of personal entertainment than anything else. Two regular camera men accompanied the Snows, but they were assigned the task of making the pictures developed on young Sidney. The wonderful results he attained are announced in the Universal-Special "Hunting Big Game in Africa," which is being shown tonight and tomorrow night at the Driggs theatre. The picture is the talk of the town as it was during its three month run at the Lyric Theatre in New York City.

But They Will Do It.
"If people never talked about things they don't understand," said Uncle Eben, "a heap o' folks ud never get even as fur as him a candidate for office."

Curwensville's Own Column

Fred Isenberg, connected with the Rupert musical store, had an experience last Friday which ought to put him in the hero class, and bring him recognition from the Carnegie hero fund. He and a companion were coming down the river and at a point near the old Hoyt mill, saw a number of boys in swimming and concluded to take a dip himself. After spending some time in the water he came on and dressed. At this point boys began to scream that a boy was drowning. Mr. Isenberg threw off some outer clothes and made for the point where the lad disappeared. He had to dive twice before he succeeded in bringing the lad, whose name was Rowles, to the surface. With great difficulty he managed to get the lad ashore. The victim appeared to be past resuscitation, but Isenberg, by rocking him back and forth over his knees and using other methods, succeeded in bringing the lad back to life. When Rowles sank all his companions left the water and Mr. Isenberg had no assistance in saving him. He certainly showed pluck and bravery and deserves great credit for his act.

From the Barrenboro Star of June 21st, which some friend kindly sent to us, we notice these complimentary sentences relative to Merville L. Bloom, only son of Mr. and Mrs. O. Bloom, South George street, who was assisting George Mellow, the man who was electrocuted in that town. "Merville L. Bloom, a 'trouble shooter' for the H. & C., climbed the pole with Mellow directly in front of Whited's cafe to make necessary repairs. The men had only been up a few minutes when the accident happened. Bloom was on the opposite side of the pole and as soon as he noticed what happened he knocked the pliers from the hands of his fallen comrade. Mr. Bloom performed as well as noteworthy do when he kicked the pliers from Mellow's hand, and for several minutes he held the limp form until help arrived, which was a very trying ordeal."

Mrs. J. A. Smeal came over from Juniata early last week and spent five days with her parents and other friends.

Mr. and Mrs. J. Robert Ecker gave a picnic at the Bilger Rocks last Friday evening in honor of Mrs. Jack Smeal.

Messrs. T. L. Rensel and S. F. Lynn, of Farrell, Pa., were at the Soverspike home as guests Friday and Saturday last.

Harry Rider was arrested by Corporal Korb last Friday on the charge of operating an automobile while intoxicated and also for reckless driving. Taken before Squire Dale, he was entered for his appearance at the county court in the sum of \$500.

A Sunday wedding ceremony was performed by Father Lynch in St. Timothy Catholic church the celebrating parties being Richard J. Simpson of Tyrone, Pa., and Mildred Passarelli, of Curwensville. The bride, by profession, is a trainee nurse, and is a daughter of Mr. and Mrs. Henry Passarelli, North Filbert street.

Verne Wall and family, Wilbur Wall and family, Arthur Bloom and family, and William McDonald and family made up a congenial party that spent Friday last at the Peo Wee's Nest.

Miss Margaret Bloom, who is working in Clearfield, came home Saturday and spent the Sabbath with her parents, Mr. and Mrs. Grover Bloom, Erie avenue.

Miss Guelich, of Clearfield, was guest of Miss Helen Rupert Saturday.

Warren Irely came over from Shafter on Saturday to see a bargain which proved so uninteresting to him that he made many trips to his automobile which was parked on the side of the grounds. Boys are always curious, so several of them watched and saw that he was drinking from a bottle which did not contain milk or mineral water. One lad pulled up town and recited his own poem to Burgess Erhard. He was later arrested, and he, after a hearing before Squire Dale, turned over to Constable Korb who escorted him to the county jail there to recline until county court convenes or some friend steps forward and enters bail for his release.

Oscar Mulholland and family, residents of Altoona, drove over to Curwensville Saturday and spent several days in the home of Mr. and Mrs. George Rapp, Scofield street.

William Holton, wife and family, came up from Morrisdale and spent Sunday with Mr. and Mrs. Percy Holton, North Pine street.

Curwensville had a small fire Sunday afternoon, which caused quite a much excitement as though something worth while were burning. The firemen found the blaze in one of the shacks near the creek at the south end of Filbert street. The building which was owned by the Elk tannery people, was unoccupied and the fire is thought to have been of incendiary origin. About \$100 will cover the loss. The tannery whistle which is used as a fire alarm, was so low in sound that it was some time ere people realized that it was calling the firemen. This demonstrates more than ever that the town badly needs a fire alarm system that can be depended upon any and all hours.

A number of Curwensville musicians went to New Milport Sunday to assist in the singing at one of the churches.

The bathing booths at the Park had become so disgustingly dirty and filthy that they were a disgrace to the river to bathe, noticed this state of affairs and voluntarily went to work and cleaned the houses out thoroughly, but yet there is vast room for improvement. Borough council will soon have nearly \$700 at its command for park improvement. Why not establish a decent bathing house and one that is safe for ladies to enter and leave their clothing in safety?

SQUIRE MILLIGAN THROWN FROM FORD

Squire James Milligan was thrown from a Ford car shortly after noon today and received severe bruises about the legs and body. The Squire and one of his sons were on their way to Hyde where Mr. Milligan has a saw at work painting the roof of the tickel mill. While going up South second street, and opposite the residence of Al Cowdrick, the driver is said to have attempted to light a cigarette while the car was running. When he took both hands off the wheel the Henry turned into the wall and the force with which it struck threw the old man out of the car and a crack his knee on the stone coping, causing a very painful injury.

LIEUT. MAUGHAN IS SLOWLY PREPARING

Mineola, N. Y., June 25.—Lieutenant Russell Maughan apparently does not intend to attempt his sunrise to sunset flight across the continent for another ten days or fortnight. Here, after a flight from Bowling field, the airman announced he would visit the Curtis Company's plant where a machine is being prepared for him. After the plane has been completed under his supervision, he will make two or three test flights. It has been expected that Maughan would be ready to jump off for the east early this week.

MUST HAVE USED A TRUCK

Berlin, June 25.—Masked bandits brandishing pistols and daggers, today robbed the Berlin Gas Works of a pay roll of 22,000,000 marks and escaped. The sum taken was approximately \$200.

TWO MORE FAWNS ADDED TO FAMILY AT KENNEDY PARK

Young Deer Attacked By a Wild Cat Finds Safe Refuge In Farmer's Barnyard.

DOGS ORPHAN 2ND.

Keeper Rearick's zoo out on Kennedy Park game reserve is growing by leaps and bounds these days. Two fawns and a coon were added to his collection the past couple of days. One fawn was brought in from the Anderson Creek section by State Game Protector W. C. Kelley, of DuBois. Dogs had run the little spotted beauty's mother out of the country and the hungry little orphan was picked up by a farmer's boy, who notified the game protector and he secured the fawn and brought it to Mrs. Rearick's orphanage for deer.

Sunday morning Deputy State Game Protector David Zufall, of Big Run, arrived at Keeper Rearick's place with a second spotted fawn, making the third one to be turned over to Rearick within the past month. This latter little deer had evidently been near death at the claws of a wild cat as the cruel marks of the cat's claws were plainly shown by long gashes in the neck and one ear. The fawn was so frightened by the attack of the wild cat that it ran out of the woods into a nearby farm yard seeking escape and made no effort to avoid capture.

About the time Mr. Zufall and his fawn arrived Deputy Game Protector W. J. Davis, of Clearfield, arrived at the camp with a raccoon which he had found in the possession of a Glen

FLORIDA WHIPPER FACING TRIAL TODAY

Lake City, Fla., June 25.—T. W. Higginbotham, convict camp boss, is facing trial here today on a charge of murdering Martin Tabert, the North Dakota youth. The prosecution will attempt to show that Higginbotham whipped Tabert so severely that the young man's death resulted. The boy had been "leased" to the Putnam lumber camp, of which Higginbotham was the alleged whipping boss, after being arrested on a charge of stealing a ride on a freight train.

Due to the death of Mrs. Fred Cone, wife of one of the attorney's representing Higginbotham, the defense was expected to ask for another continuance of the long delayed trial at the opening of court.

PENNSY IGNORES RAIL LABOR BOARD

Chicago, June 25.—The Pennsylvania railroad, ignoring the United States Railroad Labor Board's recent reprimand, has completed additional election for employees' representatives under the company's union plan, the road announced in an election held for the shop craft and miscellaneous forces in Illinois and Indiana. A 76-4 vote was passed.

Born to Mr. and Mrs. Lloyd C. Owens on Saturday last a ten pound girl baby. She will answer to the name of Doris Mae.

Richey man and had to take charge of because of the provision of the state game laws which forbids any person having protected game animals or birds in their possession during the closed season.

HORSES BURNED IN FIRE AT ST. MARYS

St. Marys, Pa., June 25, 1923.—Four horses were burned to death this morning at six o'clock Friday evening, which destroyed the barn of the St. Marys Transfer company, in the rear of 135 Mill street, St. Marys. The fire started in the frame of the barn and spread to the horses. Frank J. Jones, proprietor of the Transfer company, estimated the loss at \$8,000, about fifty per cent of which is covered by insurance.

Mr. and Mrs. Erskine, who live in the residence on the front of the lot on which the barn stood, had just left home in their automobile when they noticed smoke belching from the building. The alarm was given immediately, and meanwhile Mr. Erskine attempted to get the horses out of the burning building. But it was too late.

The barn also contained wagons, harness, hay, grain, quilting and other articles. Everything was destroyed.

Florence Nightingale's Gift.
On her return from the Crimea Florence Nightingale was given \$250,000, which she devoted to founding the Nightingale Home for Training Nurses.

Horrors of Love.
Be careful not to fall in love. According to an Italian medical journal, researches have been made on the blood of people in love, and marked abnormalities have been found. If the disease is not speedily cured, love may lead to melancholia and even insanity. Sometimes it even results in marriage. —Boston Globe.

Time Enough.
In Nevada a woman's club with charitable leanings staged a vaudeville show at the "University of Time," as the state penal institution is facetiously called. One of the women had to return to town early, and not wishing to disturb the other entertainers she appealed to the officer in whose charge they had been placed. The latter courteously offered to send her home in his car with a "trustee" as chauffeur. After starting on her homeward journey with the convict the lady regretted her rashness and decided to extricate herself at all costs. "Are you sure you have time to take me all the way to the city?" she anxiously began. "Well, madam," the convict answered, "I have five minutes of gas and fourteen ven."

MRS. ELIZABETH PETERS

Mrs. Elizabeth Peters, a highly respected citizen of Woodland, died Friday afternoon, June 22, 1923 at 3 o'clock at the home of her daughter, Mrs. Laune Walker of Grampian.

Mrs. Peters' family name was Grandma Peters was born in Bradford township March 10, 1840, making her age 83 years, 3 months and 12 days.

Her parents were Joel and Alice Stone. Her husband William Peters died a number of years ago at their farm home two miles east of Woodland. Since his death she has made her home among her children, mostly with her daughter, Mrs. Arch Devling, of Woodland, her granddaughter, Mrs. Chris Eshelman, of Clearfield, and the daughter at Grampian, at whose home she died.

Surviving her are the following sons: J. J. Peters, Mount A.; Mrs. E. H. Albert and Mrs. Arch Devling, of Woodland; Mrs. Laune Walker, of Grampian and Zack, of Wellsborough, Pa.

Eleven grand children and twelve great grand children survive and one brother Lindsay Stone, of Washington, D. C. Funeral services will be held at the home of Arch Devling, Monday morning at 10:30 in charge of Rev. Hummel of the Woodland M. E. church. Burial will be made at Bradford cemetery.

Gossip For Tonight's Tea Table

Miss Marquerite Armstrong, who had her tonsils removed last week, has recuperated splendidly and is now up and about as usual.

Miss Mary McGannon, of DuBois, spent Sunday with Clearfield relatives and friends.

Mr. and Mrs. M. O. A. Sahn drove to Avis yesterday and spent the day with Mr. Sahn's mother.

Miss Eileen Smith left yesterday for State College where she has enrolled as a student for the summer course.

Roland Wright left yesterday for Erie, Pa., where he will spend the summer in the employ of the Erie Lighting Company.

Miss Helen Shaw is taking a course at Clarion Normal for nine weeks.

Miss Emma Anderson spent the week-end at O'Shanter.

Mr. and Mrs. William Manguson and Mr. and Mrs. Anderson have returned from a motor trip to Clinton, N. Y.

Mrs. J. M. McCann of Patton stopped here on Saturday.

Nathan Smith and Eddie Wilson left on Saturday for Erie.

Austin McDivitt is spending a vacation with friends in Mahaffey, Lumber City and Cherry Tree.

Julia Davis, Dorothy Bell, Harriet Weaver, Jane O'Laughlin, Ann Waterworth and Catherine Bigler spent Friday and Saturday at Crystal Springs Camp.

Mr. and Mrs. Ralph Noe of Huntingdon spent the week-end in town.

Miss Edmund Bigler has returned from Pittsburgh where she visited her daughter, Miss Robert Youngman.

Miss Frances Goppert spent the week-end in Altoona.

Miss C. E. Whitney of Boardman was shopping in town on Saturday.

Mrs. William L. Dethloff and son, Ransom, left this evening for Great Falls, Montana, where they will visit Mrs. Dethloff's parents, Mr. and Mrs. Ransom Cooper, for the next month or so.

Miss Dorothy Miller left on Sunday for State College, where she will take a summer course.

John Barrett of Pittsburgh transacted business in town yesterday.

Miss Dorothy Woodward is visiting in St. Louis and will go to Estes Park, Colorado, as a delegate to a sorority convention.

Mr. and Mrs. Harry Fred Bigler spent Saturday evening with friends at Boardman.

Mr. and Mrs. W. Elbridge Brown and little son spent the week-end in Tyone.

R. M. Hershey and J. Mitchell Chase spent Saturday at Oscoda.

Mr. and Mrs. R. J. Alderdice returned to Pittsburgh today, returning here to spend the Fourth of July.

J. A. Dutra, of LaJosa, was a Clearfield visitor today.

James A. Gleason, Esq., of DuBois transacted legal business at the Court House today.

James Johnson son of the late Charles Johnson, of Shabala, Wash., was the guest of Geo. W. and Miss Eliza Johnson, while in Clearfield yesterday. Accompanied by Hursh Johnson, of Summitville, Ohio, he left today on a business trip to New York City.

Mr. and Mrs. James Doyle and James, Jr., of Shridan, Pa., are visiting Grandma Elizabeth Thorn at her home on Market street at present.

Marie Walsh, who had her tonsils removed at the Clearfield Hospital, is getting along fine.

Ben Post and wife, of Hyde, and Mr. and Mrs. Wm Post and daughter, Annie of Curwensville leave tomorrow for an automobile tour thru Canada.

VOLUME XVII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., MONDAY EVENING, JUNE 25, 1923.

THIRD PARTY DEMONSTRATION PLANNED FOR SEN. JOHNSON

Advised by Friends to Call the Party Off, But Californian, So Far, Has Been Silent—Figure That Senator Will Play Safe.

By LAWRENCE MARTIN
(United Press Staff Correspondent)

Washington, June 25.—When Hiram Johnson comes marching home the country will be treated to a third party demonstration of a spectacular nature. How substantial or lasting it will be will depend on how Hiram feels about it.

Senator Hiram Johnson, now enjoying a non-political vacation in Europe with Mrs. Johnson, is due back in the United States on the Leviathan July 22.

He will be met at the dock by an enthusiastic band of persons who, for one reason or another, want him to oppose President Harding in 1924, either for the Republican nomination or as a third party candidate. There will be bands and fanfares of trumpets, lots of noise—a good deal of it made to order by paid noisemakers—and a great display of enthusiasm for Johnson as a Presidential candidate.

Johnson is notified. All this will happen if Johnson doesn't stop it by cable or otherwise. He has been notified abroad of the intention of W. R. Hearst and others to put on the great demonstration of Johnsonian popularity with the avowed purpose of making him a Presidential candidate. He has been advised by some of his sincere friends to call the party off in no uncertain fashion.

One of Johnson's friends sent him word that if he permitted the demonstration to occur he would thereby commit himself, to a degree, to the party responsible for it. What Johnson's view of this is nobody knows.

His communications from the other side have been confined entirely to telling about the good time he is having.

Johnson lives and learns. Some politicians merely live. There probably is no one in the world outside of Johnson and Mrs. Johnson who knows at this minute whether Johnson intends to seek the Presidency in 1924 or not. He may not know himself. He has been out of touch with affairs here for a long time.

Will Play It Safe. But this much can be stated as a certainty: Johnson will not do anything this year or next year that he thinks will ruin his chances in 1928. He might, of course, be mistaken about what would or would not hurt him for 1928. But it is a perfectly safe prediction that he will not leap into the arms of any third party movement or get astride any Presidential steed until he knows what is what.

Johnson has a lot of political grudges stored up in his system that he will take great pleasure in paying off when he can do so with safety to himself. But he is not going to bite off his own nose to spite his face. In other words, he realizes that considerable of the enthusiasm that will be manifested at the dock when he lands will be an expression of hostility against somebody else, rather than enthusiasm for Johnson. He does not intend to be used to kick Mr. Harding by splitting the Republican party in 1924. If he cannot step out with some chance of being elected, Hiram will not be a candidate.

NEWSPAPER MEN IN PRESIDENT'S PARTY DIE IN AUTO WRECK

Three Men Accompanying President Harding to Alaska, Dead; Another Badly Hurt.

AUTO DROPS 70 FT.

Denver, Col., June 25.—Thomas F. Dawson, Colorado state historian, died in the county hospital here early today from injuries received in an automobile accident to members of President Harding's party this afternoon, bringing the total to three dead of the four passengers of the Denver Press Club car which plunged over a cliff. Dawson passed away suddenly a few minutes after he seemed to have passed the critical stage.

Donald Craig, Washington correspondent of the New York Herald, now remains the only survivor of the accident, which occurred when the automobile, carrying the party of correspondents on an excursion trip in connection with the President's visit to Denver, fell down 75 feet off Lookout Mountain.

Denver, June 24.—Summer Curtin, of Washington, representative of the Republican national committee, who accompanied President Harding's party on its western trip, and Thomas French, of Denver, were killed and two other men were injured seriously when the automobile in which they were making a mountain tour left the road twenty-five miles from Denver. The injured are: Donald Craig, manager of the Washington bureau of the New York Herald and Thomas Dawson, Colo. state historian and a veteran Washington newspaper man. French, driver of the car, died on the way to a hospital.

An operation was performed immediately at the hospital to save Mr. Craig's life. His skull was severely lacerated and it is feared he sustained a fractured skull.

Mr. Dawson suffered a fractured limb, a lacerated foot and possible internal injuries.

President Harding telephoned to the hospital to learn the condition of the injured. He expressed great regret over the tragedy.

THE WEEK-END DEATH ROLL TOTALS 38 PERSONS

New York, June 25.—Thirty-eight persons were killed and 184 injured during the week end as a result of automobile accidents in thirty-three cities in the United States.

Pittsburgh, Pa., June 25.—Clarence E. Fryman, a railroad brakeman was instantly killed early today when his automobile left the Clifton-Imperial road near Imperial and rolled down a forty foot embankment. Five other persons in the machine, including Fryman's wife and two daughters and two nephews escaped with minor injuries.

The accident was believed due to Fryman having fallen asleep at the wheel. The family spent Sunday in Wellsville, Ohio, and drove most of the night in the rain on the return trip to Pittsburgh.

Detroit, Mich., June 25.—Fourteen persons were drowned, four were killed by automobiles and twenty were injured yesterday when residents tried to obtain relief from the record heat of the year.

Milwaukee, Wis., June 25.—Five persons were drowned near Milwaukee over the week end while seeking relief from the heat.

St. Louis, Mo., June 25.—Two died from heat prostration and four persons were injured yesterday.

(Continued On Page Two.)

NATIONAL COAL MEN MEET IN SCRANTON

Scranton, Pa., June 25. (United Press)—Delegates were here today for the opening of the annual convention of the National Coal Dealers Association. The meeting will last three days.

This is the first time the dealers have ever met in the hard coal region and the men who market the coal supply of the United States and Canada will be given full opportunity to study the mining of coal first hand.

It will also afford an opportunity to observe the miners first hand. The tri-district convention of the United Mine Workers meets here tomorrow to formulate new wage demands.

The convention has proved to be one of the largest the dealers have ever held and the committee found it necessary to arrange for overflow accommodations in Wilkes Barre.

E. W. Parker, representing the anthracite operators, will speak tonight on the mining and preparation of anthracite coal.

Homer Jones, Chicago, is president of the National Association.

PINCHOT'S POWER SURVEY UNDERWAY

Harrisburg, June 25.—Governor Pinchot's great power survey was in the preliminary stage today for a two year program investigation of power reserves in Pennsylvania, authorized by the legislature.

A report was to be completed during this time for recommendation to the 1925 session of the General Assembly. This report would embody the Governor's power scheme for the utilization of wasted sources of fuel and water supplies.

Four general lines of power development will be investigated, according to Wells. They are:

- 1.—Advantage of locating general power plants at coal mines.
- 2.—Possibility of saving the by-products of coal now wasted in fuel power plants.
- 3.—Practicability of electrification of railroads.
- 4.—Means of co-ordinating flood prevention and stream purification with water power development.

(Continued On Page Two.)

GAME PROTECTORS ROUND UP MANY VIOLATORS OF LAW

Girard Township Boy Kills the Only Beaver Clearfield County Has Had In Years.

WAS KILLING DOG

State Game Protectors W. C. Kelley of DuBois, W. J. Davis, of Clearfield and Assistant Delansky, of Sterling are making life miserable for game law violators in this section just now. During the past week or two many violators have been rounded up.

Raymond Maines, a 16 year old Girard township boy was arrested and fined for violation of the game law on Friday last. He has the distinction of being the only Clearfield county resident to be hauled up for such a crime in the history of the State Game Commission. Maines and another lad or two were fishing for trout on Deer Creek a few days ago and a bound dog belonging to the former made up one of the party.

While the boys were fishing they heard a commotion down the creek and hustling to the spot to investigate found the bound and some kind of an animal in deadly combat in a deep hole underneath a jutting rock. As young Maines approached he saw the strange animal seize the bound by the throat and pull him under the water.

The boys ran to the rescue of the dog and with clubs and stones soon put the dog's assailant out of business.

The animal was found to be a beaver, being the only one of its species found in this section of Pennsylvania in years. The penalty for killing a beaver is \$100 fine.

The Game Protectors also picked up the following law violators during the past two weeks:

John Nevosky, of Westover, alien hunting. Gun confiscated and \$25

(Continued On Page Two.)

ELK COUNTY TOWN SUFFERS FIRE LOSS; AFFAIR OF MYSTERY

Pool Room and Dwelling Burn, While Possible Murder Arouses Curiosity of Natives.

SLEUTHS ARE BUSY

Kersey, Pa., June 25.—The town of Kersey suffered a fire which caused a loss estimated at \$20,000 at about 12:50 o'clock Saturday morning. The two story building owned by R. W. Deagle and used as a pool room, and the vacant dwelling owned by B. J. Fleming, of St. Mary's were totally destroyed. Ridgway and St. Mary's fire departments were called upon for assistance and made quick trips over the mountain. Fortunately the fire was confined to the two structures.

According to information from Kersey the blaze started in the pool room shortly before one o'clock. A neighbor saw the smoke. In a short time the pool room was a mass of flames and quickly communicated with the vacant dwelling adjoining. The belief is held in Kersey that the fire was of incendiary origin as the owner of the pool room had been in Buffalo for two days and the place had not been opened during that time. The fire created intense excitement in Kersey and lighted up the country side.

"Pop, I'm afraid you killed him." These words cried out in a small boyish voice alarmed Ed Cuneo, of Kersey, early Saturday morning just before the alarm of fire in that place.

Mr. Cuneo had been watching three men and a boy repairing a tire on a Ford car which had stopped near the Cuneo residence. At several times angry voices were heard and then Mr. Cuneo heard the shrill cry of the boy, "Pop, I'm afraid you killed him." Mr. Cuneo immediately dressed but the car was driven rapidly away. A pair of glasses were found on the ground.

The Ridgway and St. Mary's police were immediately communicated with to be on the lookout. Anyhow its a deep, dark mystery and only time will prove the solution.

A Ford car No. 371-133 was abandoned at Hellen Mills some time during the night. Blood was found on the rear seat. It is said the parties who were in the car walked back in the direction of Brandy Camp, from whence they came.

ANOTHER STRETCH OF GRAMPIAN ROAD TO BE OPENED SOON

Road from Smith's to Ream's Water Trough Will Be Opened Next Wednesday.

AVOIDS A DETOUR

The Pottsville Construction Company, the concern having the contract for the building of the Gramplan-Curwensville State road, expects to open the new road from Sidney Smith farm to the Ream's watering trough on Wednesday next. The concrete on this stretch was completed three weeks ago, and having "cured" the required twenty-one days will be open for traffic Wednesday.

The opening of this stretch of road will be a great convenience to the travel between DuBois and Clearfield as it will not only relieve the necessity of traveling the eight mile detour from Gramplan via the Irish school house but will also make it possible to avoid that long and very

CHICAGO FAMILY IN A BIG AIR CARRIER TRAVEL OVER TOWN

"Buck" Weaver and Family, En Route to Jersey, Make Landing Near Winburne.

FIVE IN THE PARTY

The first real passenger carrying airplane or pleasure craft to essay the trip from west to east passed over Clearfield about 7:15 o'clock this morning in the wake of the regular mail plane which "high balls" it over the town enroute to New York about 7 o'clock each morning.

The plane, a big French machine, similar in construction to those being used in the passenger carrying traffic between France and England across the English channel, was sailing majestically along 5000 feet in the air when it crossed over the town. Shortly after leaving Clearfield behind the pilot of the big machine noticed his supply of oil was running low and began to cast about for a place to land. In passing over Cooper township a field on the Henry Hoover farm, about one mile and a half out of Winburne looked good to the aviator and swinging out of his course he dropped gracefully to the surface. Part of the landing gear was torn away when the machine hit the ground and the party was forced to take the New York Central passenger train for New York to continue their journey as it will be necessary to receive some necessary repair parts from Chicago before the flight can be resumed.

The pilot of the big machine was George "Buck" Weaver, of Chicago, one of Uncle Sam's most noted flying instructors during the war, who imparted flying knowledge to more than two hundred and fifty soldier flyers. He was accompanied by his wife, "Buck" Jr., aged 4 years and a Mr. Dickson, of Chicago, who was along for the "carriage ride," while a mechanic made up the party of five.

In conversation with Mrs. Frank Hoover, who made the party comfortable at her home after their "Drop in" from the clouds, the visitors said they had left Chicago Sunday. They intended to make Bellefonte for supper but on account of the severe electrical storm during the afternoon remained in Clearfield, Ohio, overnight and followed the mail plane through this morning. They left Clearfield at 6 o'clock and dropped in the Hoover field at 7:30. They were on their way to Atlantic City.

rough hill road, out of Curwensville into Gramplan via of Stronach. When this new stretch is opened motorists will travel straight through Curwensville and up Anderson Creek hill to the Sidney Smith place where they strike the concrete. The Anderson Creek hill is in good shape and those using it will find it in much better condition than the original route to Gramplan and the detour also.

The Pottsville people are rushing the work on the road from Stronach toward Bridgeport, and will make every effort to complete the road by fall, although it is going to hustle them to get it all down and cleared up.

Mason & Hanger are arranging to begin work on the concrete bridge at Bridgeport contract for same having been awarded them by the State Highway Department last week.

\$300,000 FIRE AT MT. CARMEL, PENNA.

Mt. Carmel, June 25.—Twenty-eight families were made homeless today and loss to the extent of \$300,000 was caused by two fires within a period of twenty-four hours at Centralia, two miles from here Saturday night and Sunday.

AUTO BANDITS HAVE ELUDED CAPTURE UP TO THIS TIME

Police Learn Names of the Other Two Men Who Were With "Red" Allen In Car.

FORMER RESIDENTS

No trace of the auto bandits who held up Miss Eva DeArment at the Westman's South Second street store Friday evening last, has been secured up to this time, although Chief of Police McMullen feels sure the arrest of the robbers will follow within a few days.

Police have learned that the two men with "Red" Allen in the Ford car, whose number was seen by Chief McMullen as it raced down Fourth street a few minutes

after the robbery, were William and Edward Teot, former Clearfield boys who have been living in Akron, Ohio the past 15 years.

These men came to Clearfield a couple of weeks ago and are said to have confided to friends here they were mixed up in several affairs similar to that of Friday night last in the Ohio city. They are also alleged to have told how they stole the Jordan car they were driving out in Cleveland, Ohio, for the purpose of making the trip to Clearfield.

They became quite chummy with "Red" Allen after their arrival here and the police are further informed that they had listed several other places here in Clearfield that they thought would be easy picking and expected to make a clean-up of all of these before leaving. One of these jobs was to be the daylight hold-up and robbery of a girl clerk in one of the local stores whose duty it is to take the bank's deposit from the store to the bank.

Chief McMullen got in touch with the authorities in the city of Akron and expects that the trio will be landed when they arrive in the "rubber city," where it is thought they headed for when they left Clearfield.

BRITISH GOVT. SEES NO GROUND FOR PROTEST AGAINST DRY RULING, BALDWIN

London, June 25.—Premier Stanley Baldwin announced in the House of Commons today that he could see no grounds for a British government protest against the breaking of British seals in American territorial waters by officials of the United States. New York, June 25.—Case by case, wine and liquors were taken from the Cunard liner Berengaria today and handed over by customs officials to dry agents ashore. The stores beverage liquor brought under 1 in defiance of the Volstead act applied to the three-mile limit, were carried off the big liner by hand, in low process, while the Berengaria lounged about disinterestedly. Supplies of liquor known to have been brought under seal on other ves-

els will be dealt with, customs officials said, after the Berengaria's stores of liquor have all been re-ported against the breaking of British seals in American territorial waters by officials of the United States. New York, June 25.—Case by case, wine and liquors were taken from the Cunard liner Berengaria today and handed over by customs officials to dry agents ashore. The stores beverage liquor brought under 1 in defiance of the Volstead act applied to the three-mile limit, were carried off the big liner by hand, in low process, while the Berengaria lounged about disinterestedly. Supplies of liquor known to have been brought under seal on other ves-

BERENGARIA'S LIQUOR NAILED UP.

When the S. S. Berengaria, sailing under the British flag, arrived in New York it carried under seal a supply of liquor for the return trip. The room containing the store was nailed up to prevent tampering, but U. S. customs officials claimed the right to unseal the liquor and seize it as they did on the Baltic.

The Week-End Death Roll

Continued from Page One

sons were drowned over the week end. Temperatures ranging about 90 degrees were registered in St. Louis and vicinity.

Chicago, June 25.—Six week end deaths were reported in Chicago today, bringing the total for seven days to 27. More than 100 persons were prostrated.

Wilkes Barre, Pa., June 25.—Two children were killed and property damage of more than \$50,000 was caused by the storm which swept the Wyoming valley late yesterday and last night, a check-up today showed

Scranton, Pa., June 25.—Wm. Smith, aged seventeen went bathing in the Susquehanna River near Tunk hannonk yesterday, using an inflated inner tube as a life preserver. When a good distance from shore the tube burst and Smith, being unable to swim, sank. Rescuers spent the night working to recover the boy's body.

Why Do We Live?

Some of the inhabitants of the remote parts of central China have the idea that the greater the number of religious beliefs they profess the more certain are their chances in the next world. Members of the London Missionary society, who addressed a series of questions to the working-class population in these districts, received many original opinions as to the purpose of life. Some described it as "To enjoy wealth and happiness, and to make a living." Many others stated that it was a matter of preparing for the next world, and to "live glory to one's ancestors." One man declared that the chief object of existence was "to doke pain."

See the Sahara Reclaimed.

Some day the world will get out of the Sahara all the good it has to offer. Among the desert sands near Blakra, last year, the French laid over eight hundred wells giving life and fruitage to 1,500,000 date palms. There is a chance for immense development of the date industry all along the northern edge of the desert south of Morocco, Algeria and Tunisia. Frank R. Cane, a conservative and authoritative writer, says that in time probably a tenth of the Sahara will be reclaimed for human usefulness.

CAMP! CAMP! CAMP! SCOUTS ARE MARCHING

When the Close Season for school begins, the Open Season for camping arrives. During the present decade camping has become one of the favorite pastimes of the nation. Apparently this is due to the missionary work of Boy Scouts. Scouts must be credited with starting this countryward movement for week ends and throughout the Summer months.

Your Boy Scout is a true missionary of the outdoors, converting first of all "those of his own household." Thus the gospel spreads. It is estimated that possibly 400,000 Boy Scouts will live under canvas for a continuous two weeks or more this summer. More than 200,000 went into camps last year, and leaders have been preparing all winter to make this season the biggest in the history of the Movement. There are 635 local councils now, having approximately 12,350 troops with 295,000 scouts under their supervision. Practically every one of these councils conduct a summer camp on easy financial terms and with strict Scouting standards for health, safety and advancement in Scoutcraft. To say nothing of fun. Outside of local council supervision there are about 8,500 other troops with 165,000 boys, also keen for camping.

Here is a tremendous contribution being made to the health of the nation. The standards imposed upon their camps by the Scout Organization call upon every boy in the Movement to respect property rights and Nature's rights as well, when in the woods, and this year a concerted effort throughout the Movement is to be made to deserve the confidence of property owners and to help educate the public to a similar respect for property rights and the preservation of natural beauty both in the woods and along our highways.

GERMANS DISSOLVE PARTNERSHIP WITH CHRISTIAN GOD

Vienna, June 24.—The German nationalist party in the town of Lenz, Austria, voted today to abolish the Christian God and to set up Wotan, the "father of the gods," in Richard Wagner's operas, as the true god of the German race.

"The Christian God has betrayed the German people into the hands of its bitter enemies and we must return to our old gods," thundered a speaker to several hundred assembled nationalists and there was a deep shout of approval. The assembly voted unanimously to abolish or put away God and set up Wotan.

It is seriously believed among many German country folk, both in Germany and Austria, that Wotan actually existed and that he is still controlling the destiny of the race.

S.S.S. stops Rheumatism

"MY Rheumatism is all gone. I feel a wonderful glow again in the free motion I used to have when my days were younger. I can thank S.S.S. for it all."

Close your eyes and think that health, free motion and strength are gone from you forever! It is not so. S.S.S. is waiting to help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S.S.S. is the great blood-cleanser, blood-builder, system strengthener, and nerve invigorator.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

K. OF C. INITIATES BIG CLASS SUNDAY

Clearfield Council, No. 409, Knights of Columbus, entertained about two hundred visiting knights yesterday at a meeting at the Hotel Dinsling at which a class of 85 members was given the third degree of the order.

The degree work was put on by State Deputy Griffith, of Pittsburgh, and candidates were present from DuBois, Reynoldsville, Punxsutawney, Oascola, Bald Hill and Clearfield.

Following the lodge services a banquet was enjoyed, the service of same being in the capable hands of the local C. D. of A.

WILL VISIT PACIFIC COAST

Mrs. Daisy Thorn Johnson, accompanied by her son Arden, left Sunday for a two months visit to the Pacific Coast. Mrs. Johnson will go first to Los Angeles, Cal., where she will spend some time with her friend Miss Blanche Minnick, and will then visit relatives in Washington and her uncle William Reed in Portland, Oregon.

Mr. and Mrs. M. S. Bowne and family have returned from Elmira, N. Y., the state where prohibition is a virtue and not a law.

GIFTS

—for— JUNE BRIDES

It's a momentous step in the lives of the young folks when they start out on the long journey that ends in the sunset of their lives. And it is befitting that the occasion should be marked by a gift that she may treasure as long as she lives.

We have a wonderful array of gifts for the brides of June. There is something that any bride will love and cherish as long as she lives. One of the pleasing things about these gifts is, that while they look and ARE better than you'll find most anywhere, the price is lower than you expect.

Come in and see what we have for you.

W. W. O'BRIEN

HONEY DEW MELONS

—and—

CANTELOPES

Direct from the Imperial Valley, where they have melon growing down to a fine art, these melons we have for you are something worth while to start the day on.

Take half of one of these melons, chilled thoroughly, and you have something for your breakfast that is a food fit for the gods.

Both the lopes and the melons that we are getting now are something extra fine and you'll enjoy eating even a whole one for tomorrow morning's breakfast.

Thorn Bros.

Game Protectors

(Continued From Page One.)

Joe Apollo, Tyler. Same charge and same sentence.

Frank Philip, Barnesboro, same. Henry Thomascheksky, Blain City dog pursuing and killing rabbits.

\$25 fine.

M. Katlous, Munson, dogs running small game, \$10.

George Pasquore, Lumber City, dog running game in close season, \$10 fine.

A Morgan Rup alien, whose name we did not get, also lost his gun and paid \$25 for hunting.

Matter of Competence. Election Agent.—That was a good long speech our candidate made on the agricultural question, wasn't it? Farmer Plowman.—Oh, ay, it wasn't bad; but a couple of night's good rain 'ud 'a done a 't more good.

MILK AN IDEAL FOOD FOR DAYS LIKE THESE

It's a light food, but carries in it all the nourishment that your body requires to keep it up to a physical standard that bodes for efficiency.

There is such a wide combination of food values in the milk we deliver to your homes that your body will require little else during these hot days than plenty of milk.

Then, too, the milk we deliver has gone through the pasteurization process, which is a safeguard against disease.

SHERIFF'S NOTICE

In the Court of Common Pleas of Clearfield County, Pennsylvania. September Term, 1923.

In the matter of satisfaction of mortgage recorded in Mortgage Book "B," page 120. To the Legal representatives of James T. Leonard, deceased, or whoever may be the holder or holders of the mortgage hereinafter mentioned: Take notice that on the 14th day of May, 1923, G. M. Passmore presented his petition asserting that he is the owner of the premises described in said mortgage.

That the said mortgage remains unsatisfied upon said premises being a mortgage, given by George Passmore to David Whitmer, dated the 30th day of May 1906, recorded in Mortgage Book "B," page 120; said mortgage having been assigned to James T. Leonard on the 20th day of July, 1906, said assignment recorded in Mortgage Book "B," page 129; that it is asserted that said mortgage has been fully paid; that petition was presented to the Court praying for satisfaction of said mortgage.

Notice is hereby given that the Sheriff of Clearfield County is directed to give public notice to all the legal representatives of the said James T. Leonard, deceased, by advertisement in the Clearfield Progress requiring them to appear in the Court of Common Pleas of Clearfield County on the first Monday of September, 1923, being the 3rd day of September, 1923, and answer the facts set forth in said petition.

THOS. J. LOWELL, Sheriff. 6/11/18/25 7/2/2ch

SHERIFF'S NOTICE OF SERVICE OF RULE OF EJECTMENT

In the Court of Common Pleas of Clearfield County, Pa.
No. 105 Sept. Term, 1923.In the matter of the Petition of Helen Umehy for a rule on Morris Shannahan and William Shannahan, their heirs or assigns or other parties in interest, to bring ejectment within six months.
And now June 2nd, 1923, the foregoing petition having been read and considered and presented in Open Court, and after investigations of the same having been taken thereon and due proof of the allegations set forth in the petition having been made to the satisfaction of the Court, a rule is granted upon the said Morris Shannahan and William Shannahan, their heirs or assigns, and all other parties in interest therein and having an apparent interest in or the title of the real estate mentioned in the said petition, that they appear in the Court on the date of the service of the writ of ejectment within six months from the date of the service of the writ upon him, her or them or show cause why the same cannot be brought. It is further ordered and decreed that service of said rule be made upon the parties claiming or having apparent interest in or title to the said real estate by the Sheriff of Clearfield County in the Raftsmans Journal and the Clearfield Progress, two newspapers of general circulation printed and published in the County of Clearfield, once a week for six consecutive weeks in accordance with the act of Assembly in such case made and provided. Said rule to be returnable the first Monday of August, 1923.

By the Court, Singleton Bell, P. J. THOS. J. LOWELL, Sheriff, Clearfield County. 6/11/18/25 7/2/9/16/2ch

ODDS AND ENDS AND THINGS

By J. D. C.

With the reappearance of the 17-year locust, or the periodical Cicada, in many sections of Pennsylvania this year, considerable credence has been placed in the statement that the insect is poisonous or otherwise injurious to human beings.

To correct this false impression, held by a surprisingly large number of people, the bureau of plant industry of the Pennsylvania department of agriculture tells us that the locust cannot sting a person because it has no stinger, and that it is unable to cause harm in any other way.

The locust, instead of being viewed as an object of fear, should be made the means of an interesting nature study. If one is picked up and examined closely, the mind of the examiner would soon be set at ease upon finding that the mouth parts of the insect are so constructed that it is unable to inflict the injuries with which it is sometimes credited.

The examination of several specimens will disclose the fact that some locusts have wartles or bellows in the side of the body underneath the wing. These constitute the musical apparatus and are to be found only in the male.

The females are interesting in that they have an awl-like ovipositor which is used to make openings in tender twigs in which the eggs are deposited. The ovipositor is of a heavy, tough material, is pear-shaped and in parts, the ends being serrated similar to saw teeth. These are worked back and forth to make the openings in the wood for the eggs.

Valuable records are being gathered by the bureau of plant industry in regard to the distribution of this particular brood of the Cicada, since it is the oldest brood of which there is any record. Specimens, together with any interesting information as to the degree of infestation should be sent to the bureau to help make these records complete.

No wonder Johnny Bull is kicking about Uncle Sam confiscating his booze when Johnny's ships reach our side of the "big creek." On the last trip of the Steamship Majestic, arriving here just before the search and seizure last week on during the voyage 200 bottles of wine and 68 bottles of spirits liquors were served in the dining saloon, and at the bar the following liquors were disposed of, not to mention private stock:

384 quarts of spirits.
6 bottles of liquors.
181 bottles of wine.
4,120 bottles of malt.
624 gallons of draught beer.

In addition, 98 pints of champagne, 87 quarts of other wines, 3 quarts of liquors and 81 bottles of spirits helped offset the tedium. The Majestic carried 812 passengers. Some thick.

Mount Etna, the volcano which has been belching lava over a large section of Sicily the past ten days, first got itself into the news away back in 476 B. C. with an eruption of extraordinary violence, and has continued to erupt ever since at frequent, a-

THE OLD HOME TOWN

Fun on Board a Pacific Liner.
One of the latest innovations for the amusement of passengers on an ocean trip is the outdoor bathing pool, which consists of a huge canvas bag building about the size of water. This is constructed on one of the lower decks. The swimmers dive from the deck above. This helps to amuse not only the swimmers but the onlookers.

AUDITOR'S NOTICE

In the Court of Common Pleas of Clearfield County, Pennsylvania.
In Re: FANNIE ELLIS, an incompetent. No. 126 Sept. Term, 1922.

The undersigned auditor appointed by the Court, to make distribution of the funds in the hands of J. E. Fryberger, Guardian, hereby gives notice that he will attend to the duties of his appointment at the office of A. M. Liveright in the Borough of Liveright, Pennsylvania, on Friday, July 13th, 1923, at ten-thirty o'clock A. M., at which time and place all persons interested in this matter may attend and be fully heard.

JOHN B. McGRATH, Auditor. June 15th, 1923. 6/19/25 7/3/2ch

DIVORCE NOTICE

In the Court of Common Pleas of Clearfield County, Pa.
Mary Zimmerman
vs.
Edward E. Zimmerman
No. 87 Sept. Term 1923.

Whereas, Mary Zimmerman, your wife has filed a libel in the Court of Common Pleas of Clearfield County praying for a divorce from you to which a return of "not in the County" was made by the Sheriff and an alias writ issued, to which a like return was made, now therefore you are hereby notified and required to appear in the said Court on or before Monday the 2nd day of July, 1923, next, to answer the complaint of the said Mary Zimmerman, and in default of such appearance you will be liable to have a divorce granted in your absence.

THOS. J. LOWELL, Sheriff, Clearfield County. Sheriff's Office June 8, 1923. 6/11/18/25 7/2/2pd

THE AMERICAN LEGION

(Copy for This Department Supplied by the American Legion News Service)

ILLINOIS MEN WIN BONUS

Supreme Court Upholds Act Providing for the Allowance of Fifty Cents Per Day.

The close relation existing between the services of the individual soldier of the World War and the general welfare of the state gives rise to a claim appealing to a universal sense of fairness and justice, declared the opinion of the Supreme court of Illinois in upholding the bonus act of that state. The court was unanimous in the constitutional validity of the act and by this decision paved the way for 300,000 ex-service men and women to obtain a state bonus.

The Illinois act provides for the payment of 50 cents per day for each day of service in the army, navy or marine corps. The maximum payment which any veteran may draw is \$300. To pay the veterans a bond issue of \$25,000,000 has been made and will be sold immediately. Palmer D. Edwards, chief clerk of the board which passes on the bonus applications, has estimated that payment will begin about July 1, and that the former soldiers will be paid at the rate of approximately 24,000 a month. Applications to the number of 200,000 are already on file with the board.

The case in Supreme court, a "friendly suit" brought by the father of a Legion man of Springfield, Ill., attracted much attention. It was the contention of the attorneys for the applicants that the law violated the constitution by granting extra compensation after public service had been rendered.

The opinion of the court, written by Chief Justice Thompson, and without a dissenting vote, held that the recipients of compensation in the case did not come within this specification of the constitution. They, the opinion said, do not stand in the relation of a public officer, agent, servant or contractor of, or with the state, and "that the section has no application here." The activity of the American Legion in assisting the securing of the passage of the Illinois act is well known. The organization was called on to write the act and was at all times active in moving toward its passage. On the eve of the election by which the voters of the state approved the bond issue to pay compensation, the organization staged a demonstration throughout the state that won thousands of votes. Under advice of the Legion, the ruling was made by the bonus board that all service should be compensated at the expedited rate until 1926. The previous acceptance had been for service actually rendered before the armistice.

USED FLOUR TO 'RAISE DOUGH'

Unique Money-Raising Plan Successful. Carried Out by Waukegan (Ill.) Legion Auxiliary.

By use of a unique funding plan, the American Legion Auxiliary at Waukegan, Ill., has succeeded in providing club-room furniture for the Legion post of that city. Little expense was incurred in the campaign and the ladies were able to deliver a sufficient fund to the members of the Legion to completely equip the clubrooms.

A house-to-house canvass was made by the auxiliary, women in the interest of a certain brand of flour. When a Waukegan woman was impressed by the "canvasser" and they usually were—she placed an order for a bag of flour to be delivered at a future date.

On every barrel of flour sold the women received \$1, the post being set at \$1,000, which was a considerable sum. A short time later, incidentally, Waukegan grocers were happy to pay in a large stock of the flour to care for the demands from the result of the canvass of the workers.

TO THOSE IN OCEAN GRAVES

Special Memorial Services Conducted by Legion in Honor of Victims of Sea Warfare.

Those Americans who perished at sea during the World War were paid fitting tribute on Memorial day by the American Legion. Hundreds of Americans went down as sea victims of the submarine and their unmarked graves were remembered.

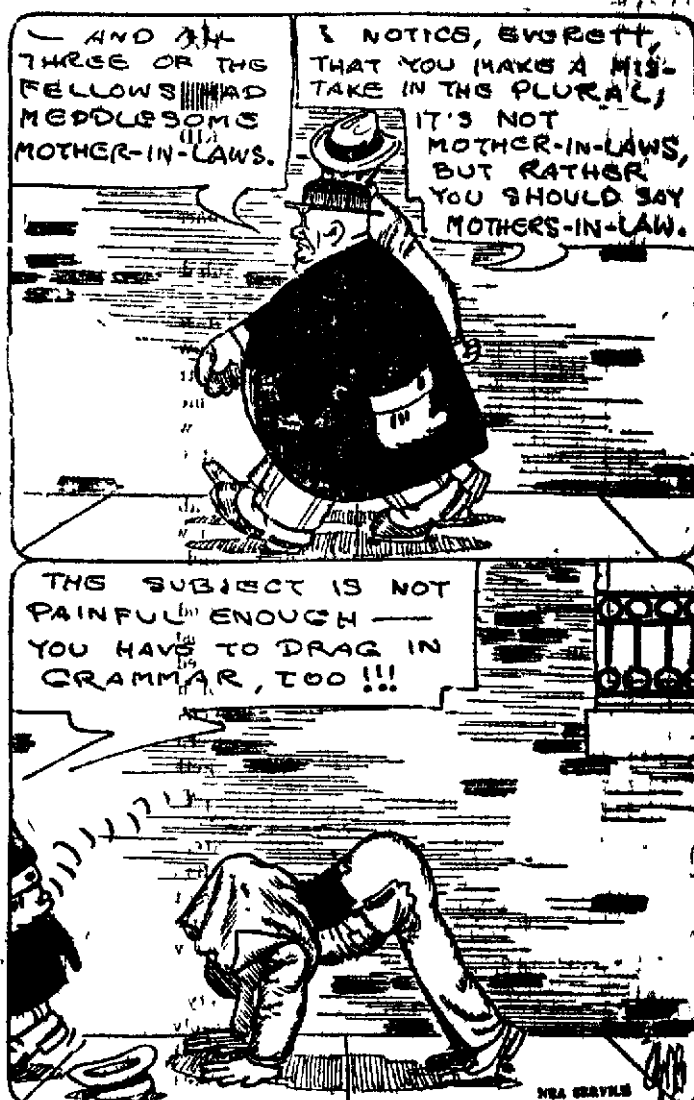

On the Ticonderoga alone 213 brave Americans went down, and scores of others perished in a similar manner. Recognition of the sailor's part in the war was paid by numerous poems of the Legion when the members set adrift barrels of flowers in memory of those who perished at sea, now resting in wave-swept graves.

Heavy Load for Legion. Kenedaw Mountain Ladies, supreme arbitrator of organized baseball recently predicted that "within five years shaggy supposedly able-bodied veterans will begin to falter because of shock and exposure suffered in the trenches." And he added: "The American Legion is the only body which is taking an active stand for justice to disabled men, and on the Legion will fall the responsibility of seeing that congress does its duty."

Optimistic Thought. The "impossible" becomes possible when courage spurs the soldier.

EVERETT TRUE

By Cond

BETTER TAKE TO THE AIR

Brussels, June 23.—King Albert sustained a broken wrist and other injuries today when he was thrown from his horse at Lieken.

BERRY—MICKLES

Richard Berry, son of Mrs. R. Berry of DuBois and Miss Agnes Mickles, daughter of Mrs. Rose Mickles, also of DuBois, were quietly married at the Lutheran parsonage this morning by Rev. E. Roy Hausner. They will reside in DuBois.

Accomplished It.

Wife (to much damaged motorist)—"Why, Billy, what have you done?" "Well, the instruction book says you can't go from high gear to reverse without entirely stopping the car, but I did it."—Life.

Hot Sand Bottle.

When your hot-water bottle starts to leak never throw it away. Heat clean, white sand in the oven and pour it into the bag or bottle. The sand will be found better than the water, as it retains the heat longer.

Treating Rat Bite Fever.

Rat bite fever is now recognized as a distinct disease. The organism that causes it was discovered and isolated two years ago and called Streptobacillus mallei. Upon being bitten by a rat the wound should be cauterized as soon as possible. If the fever appears, a vaccine is administered. Dr. Wilder, of New Haven says in the Journal of the American Medical Association that this results in 83 per cent of cures.

Woodcuts.

The art of wood engraving is very old. When it was first used a prince who could write, these woodcuts for attesting documents were in use in Europe. But before that the Chinese had invented the art. In modern times the woodcut has been submerged by other methods of reproducing drawings and photographs, but the art is now being kept delightfully alive by the Society of Wood Engravers of London.

Superstition Concerning Moon.

Why is it considered unlucky to see the new moon through glass? Moon worship is one of the oldest forms of religion, and the new moon as the symbol of reviving life was so sacred that whole tribes would assemble waiting for it to appear. Anyone who saw it through glass must have been in doors, and therefore absent from the sacred ceremony of welcome.

Daily Thought.

If God gave you gaiety and cheer of spirits, lift up the careworn by it. Wherever you go smile and sing. In every household there is drudgery. In every household there is sorrow.

Optimistic Thought. It is the naval power of a country that gives it authority in the most distant nations of the earth.

MINERS ENJOY GOOD EATS

This business of coal mining isn't such a bad game after all, or at least not all the time. The miners at Chase mine enjoyed a fine chicken and ice cream supper last Friday evening, a correspondent informs us.

Mrs. Blanche Caldwell and Mr. and Mrs. Paul Raymond and daughter Jean returned home Saturday evening after spending a week with relatives in Buffalo and Niagara Falls.

Wholesome Retribution.

"I hear they are going to close up the saloons in Crimson Gulch." "Yes," exclaimed Tarantula Tim. "The licker has been gettin' poorer every year as us citizens is willin' to go without fur awhile for the sake of punishin' the bartenders."

Cocoa Trade Important.

The trade in cocoa, which is the dried meat of coconuts, is one of the important trade lines of the world's markets, cocoa giving forth cocoa oil, which has many uses, its principal use being in the making of soap by the great soap manufacturers of the world. Cocoa butter has also come to be an important article of world commerce and much dried coconut meat is used throughout the world in the confectionery business.

"Vegetable Wool" Valuable.

Porto Rico's "vegetable wool" is highly esteemed for filling pillows, upholstery uses and the like. It is used in England for the manufacture of hats known as "cactos." The wool is the dried fiber about the seed of the tree. The fiber looks and feels like wool or fur. It is soft and silky.

Foot Burning Lies in the Joints

When Joint-Ease Soaks in Foot Agony Gets Out—Quick

You can't get rid of sore, inflamed feet unless the remedy you use soaks right into the many joints and tendons of the feet.

For that is where all foot trouble starts. Treating the skin with powders and

baths does no real good—it's a thing of the past—try the new way.

Just rub on Joint-Ease—Watch it soak right in in one minute—the sorest of burning feet, like new in a couple of days! It's a stainless preparation and a tube is only 60 cents.

HEARD ALONG THE BANKS OF THE MOSHANNON

Mr. and Mrs. C. E. Hipple, of near Winburne, celebrated their silver wedding anniversary on June 22nd. About fifty guests were in attendance, including Rev. Bloom and Mrs. Rev. Bloom, delivered a fine and appropriate address. A delectable dinner was served, and all enjoyed the occasion immensely. The Hipples are well known throughout the township section and are loved by all who know them.

The contract for the erection of the new Copper Township high school to replace the one destroyed by fire during the winter was awarded to A. J. Hess of Winburne. The building to be brick cased and possessing all the modern conveniences. The consideration was \$28,000.

Reed and Frank Morningstar have moved from Bedford, where they conducted the three-day convention of the Pennsylvania Baker's Association. The former was elected a member of the Executive Committee.

The new school building at Bedford, where they conducted the three-day convention of the Pennsylvania Baker's Association. The former was elected a member of the Executive Committee.

A Student of Nature.
The angler is a student as well as a lover of nature, and he knows that without the insect-eating birds there can be no trees, that without trees there can be no waters, that without waters there can be no fishes, and that without fishes there can be no fishing.—From "The Determined Angler" and the Brook Trout," by Charles Bradford.

New York Central station, Morristown, Saturday evening. Fortunately no one was hurt much but the cars were badly damaged. A Ford and a Chevrolet roadster collided in front of the Cottage State Hospital Friday evening. No one was injured and neither car was damaged.

Carl R. Nordberg, of Philipsburg, and Miss Anna E. J. Lehr, of Frostburg, Maryland, were united in marriage Thursday evening at the bride's parental home, Rev. Calvin Sykes, of Altoona, performing the ceremony. Miss Edith Nordberg, sister of the groom, of Philipsburg and Clifton Lehr, brother of the bride, attended the couple. The contracting parties have been residents of Altoona for some time and following a delightful wedding trip to eastern cities, will take up their residence after Sept. 1, at 1214 Nineteenth avenue, Altoona. Among the guests at the wedding and reception which followed were Mr. and Mrs. Nordberg, son and daughter, Walter and Anna Edith, of Philipsburg.

Forecasting Weather.
When the mercury falls suddenly in hot weather, look out for thunder or high winds. In frosty weather a thaw is foretold. When the weather is already wet and the mercury continues to descend, more rain can be expected. During winter, if the movement of the mercury is unsettled, with sudden rises and falls, unsettled weather conditions are likely to prevail.

Sound Body and Mind.
Not all the battles have been fought with the sword and shield, not all rebellions have been struggled out on the field of battle, not all achievements reached by the nobility. Men have come to realize that sound bodies and minds are of less importance than sound spirits.

Wild Burros a Nuisance.
Wild burros in the Grand Canyon of the Colorado are said to be increasing in number to the point where they are becoming a nuisance. The chief forest ranger of the region reports thousands of the little animals running wild from Supai to the mouth of the Little Colorado.

COMMUNITY SERVICE IN FINE SHAPE

The Community service is getting into fine shape and this summer's work promises to be better in every way than last summer.

The four playgrounds opened today with a very promising start. They are getting fixed up as well as can be expected.

The East End playground, when finished, promises to be one of the best in town. It is fortunate in having a fine natural park for the children. It is the prettiest playground in town. Last Friday Mr. Alkey was at the playground all day and supervised the work being done. He was very ably helped by men lent from the two brick yards, tile plants and the refrigerator plant. These men worked all day and accomplished a great deal. They got the wading pond for the kiddies nicely started; besides making a baseball diamond and making several benches for the visitors to sit on. There are many improvements to be made, which the men will do whenever they have any spare time. About five o'clock a lunch was served and the men enjoyed it very much. Late in the evening they served another lunch to the men.

The other playgrounds are hustling around and getting things in tip top shape, too.

Forecasting Weather.
When the mercury falls suddenly in hot weather, look out for thunder or high winds. In frosty weather a thaw is foretold. When the weather is already wet and the mercury continues to descend, more rain can be expected. During winter, if the movement of the mercury is unsettled, with sudden rises and falls, unsettled weather conditions are likely to prevail.

Harry's Suggestion.
Harry had been sleeping alone for nearly a week, which was a new start for him. One night a storm came up and the wind blew, shaking the doors and windows. This woke Harry, and he was much frightened and thought or nothing except screaming for his mother. His mother heard his cries and lay down with him. She turned her back to him, thinking she might get some sleep. Suddenly she heard a frightful whisper, "Mother, if I was you I'd..."

ACCIDENT PATIENTS IMPROVING

Word from the hospital at noon today is to the effect that the victims of Friday night's automobile accident are all getting along satisfactorily. Charley Bigthe whose internal injuries consist of a rupture of the bladder among other things, is much more cheerful today and does not suffer so much pain as heretofore. Charley Waple's crushed arm is giving him considerable pain but otherwise his condition is good. Walter Barratt is also getting along finely.

INTEREST INCREASING

The Week Day School of Religion now conducted in St. John's Lutheran church took on new life at the beginning of the second week. The hundred mark was crossed this morning. The interest is splendid and the work being done is very gratifying. The venture has proven a success in every way.

Interesting Machine.

The most interesting perpetual motion machine, was the clock built by James Cox, a London jeweler, in the eighteenth century. This was made self-winding by a barometer attachment arranged to actuate a cogwheel in such a manner that whether the mercury rose or fell the wheel always revolved in the same direction and kept the clock weight always wound up. The chief difficulty Cox had to overcome was to prevent overwinding. This he accomplished by a device that caused the cogwheel to throw itself out of gear when the weight was wound nearly to the top.

A Disciple of Chivalry.
A lad with tortoise shell glasses read "The Knights of the Round Table" in a subway train, while an elderly woman and a girl club to straps directly in front of him.

STOP ITCHING ECZEMA Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds.

HUNTING BIG GAME WITH A CAMERA AT DRIGGS TONIGHT

When Sidney Snow accompanied his father, H. A. Snow into the wilds of darkest Africa, he thought that whatever pictures he might take would prove the basis of the greatest and most sensational motion picture ever made, was furthest from his mind. He took along the camera more as a matter of personal entertainment than anything else. Two regular camera men accompanied the Snows, but they were assigned the task of making the pictures developed on young Sidney. The wonderful results he attained are announced in the Universal-Special "Hunting Big Game in Africa," which is being shown tonight and tomorrow night at the Driggs Theatre. The picture is the talk of the town as it was during its three month run at the Lyric Theatre in New York City.

But They Will Do It.
"If people never talked about things they don't understand," said Uncle Eben, "a heap o' folks ud never get even as fur as bin a candidate for office."

Curwensville's
Own Column

Fred Isenberg, connected with the Rupert musical store, had an experience last Friday which ought to put him in the hero class, and bring him recognition from the Carnegie hero fund. He and a companion were coming down the river and at a point near the old Hoyt mill, saw a number of boys in swimming and concluded to take a dip himself. After spending some time in the water he came on and dressed. At this point boys began to scream that a boy was drowning. Mr. Isenberg threw off some outer clothes and made for the point where the lad disappeared. He had to dive twice before he succeeded in bringing the lad, whose name was Rowles, to the surface. With great difficulty he managed to get the lad ashore. The victim appeared to be past resuscitation, but Isenberg, by rocking him back and forth over his knees and using other methods, succeeded in bringing the lad back to life. When Rowles sank all his companions left the water and Mr. Isenberg had no assistance in saving him. He certainly showed pluck and bravery and deserves great credit for his act.

From the Barrenboro Star of June 21st, which some friend kindly sent to us, we notice these complimentary sentences relative to Merville L. Bloom, only son of Mr. and Mrs. O. Bloom, South George street, who was assisting George Mellow, the man who was electrocuted in that town. "Merville L. Bloom, a 'trouble shooter' for the H. & C., climbed the pole with Mellow directly in front of Whited's cafe to make necessary repairs. The men had only been up a few minutes when the accident happened. Bloom was on the opposite side of the pole and as soon as he noticed what happened he knocked the pliers from the hands of his fallen comrade. Mr. Bloom performed as well as noteworthy do when he kicked the pliers from Mellow's hand, and for several minutes he held the limp form until help arrived, which was a very trying ordeal."

Mrs. J. A. Smeal came over from Juniata early last week and spent five days with her parents and other friends.

Mr. and Mrs. J. Robert Ecker gave a picnic at the Bilger Rocks last Friday evening in honor of Mrs. Jack Smeal.

Messrs. T. L. Rensel and S. F. Lynn, of Farrell, Pa., were at the Soverspike home as guests Friday and Saturday last.

Harry Rider was arrested by Corporal Korb last Friday on the charge of operating an automobile while intoxicated and also for reckless driving. Taken before Squire Dale, he was entered for his appearance at the county court in the sum of \$500.

A Sunday wedding ceremony was performed by Father Lynch in St. Timothy Catholic church the celebrating parties being Richard J. Simpson of Tyrone, Pa., and Miss Delzie Passarelli, of Curwensville. The bride, by profession, is a trainee nurse, and is a daughter of Mr. and Mrs. Henry Passarelli, North Filbert street.

Verne Wall and family, Wilbur Wall and family, Arthur Bloom and family, and William McDonald and family made up a congenial party that spent Friday last at the Peo Wee's Nest.

Miss Margaret Bloom, who is working in Clearfield, came home Saturday and spent the Sabbath with her parents, Mr. and Mrs. Grover Bloom, Erie avenue.

Miss Guelich, of Clearfield, was guest of Miss Helen Rupert Saturday.

Warren Irely came over from Shafter on Saturday to see a bargain which proved so uninteresting to him that he made many trips to his automobile which was parked on the side of the grounds. Boys are always curious, so several of them watched and saw that he was drinking from a bottle which did not contain milk or mineral water. One lad pulled up town and recited his own poem to Burgess Erhard. He then officer Clark went down and made a investigation. In the car were four several bottles of hooch. Irely was placed under arrest, his bottles confiscated, and he, after a hearing before Squire Dale, turned over to Constable Korb who escorted him to the county jail there to recline until county court convenes or some friend steps forward and enters bail for his release.

Oscar Mulholland and family, residents of Altoona, drove over to Curwensville Saturday and spent several days in the home of Mr. and Mrs. George Rapp, Scofield street.

William Holton, wife and family, came up from Morrisdale and spent Sunday with Mr. and Mrs. Percy Holton, North Pine street.

Curwensville had a small fire Sunday afternoon, which caused quite a much excitement as though something worth while were burning. The firemen found the blaze in one of the shacks near the creek at the south end of Filbert street. The building which was owned by the Elk tannery people, was unoccupied and the fire is thought to have been of incendiary origin. About \$100 will cover the loss. The tannery whistle which is used as a fire alarm, was so low in sound that it was some time ere people realized that it was calling the firemen. This demonstrates more than ever that the town badly needs a fire alarm system that can be depended upon any and all hours.

A number of Curwensville musicians went to New Milport Sunday to assist in the singing at one of the churches.

The bathing booths at the Park had become so disgustingly dirty and filthy that they were a disgrace to the river to bathe, noticed this state of affairs and voluntarily went to work and cleaned the houses out thoroughly, but yet there is vast room for improvement. Borough council will soon have nearly \$700 at its command for park improvement. Why not establish a decent bathing house and one that is safe for ladies to enter and leave their clothing in safety?

SQUIRE MILLIGAN
THROWN FROM FORD

Squire James Milligan was thrown from a Ford car shortly after noon today and received severe bruises about the legs and body. The Squire and one of his sons were on their way to Hyde where Mr. Milligan has a saw at work painting the roof of the sickel mill. While going up South second street, and opposite the residence of Al Cowdrick, the driver is said to have attempted to light a cigarette while the car was running. When he took both hands off the wheel the Henry turned into the wall and the force with which it struck threw the old man out of the car and a struck his knee on the stone coping, causing a very painful injury.

LEUT. MAUGHAN IS
SLOWLY PREPARING

Mineola, N. Y., June 25.—Lieutenant Russell Maughan apparently does not intend to attempt his sunrise to sunset flight across the continent for another ten days or fortnight. Here, after a flight from Bowling field, the airman announced he would visit the Curtis Company's plant where a machine is being prepared for him. After the plane has been completed under his supervision, he will make two or three test flights. It has been expected that Maughan would be ready to jump off for the east early this week.

MUST HAVE USED A TRUCK

Berlin, June 25.—Masked bandits brandishing pistols and daggers, today robbed the Berlin Gas Works of a pay roll of 22,000,000 marks and escaped. The sum taken was approximately \$200.

TWO MORE FAWNS
ADDED TO FAMILY
AT KENNEDY PARK

Young Deer Attacked
By a Wild Cat Finds
Safe Refuge In Farmer's Barnyard.

DOGS ORPHAN 2ND.

Keeper Rearick's zoo out on Kennedy Park game reserve is growing by leaps and bounds these days. Two fawns and a coon were added to his collection the past couple of days. One fawn was brought in from the Anderson Creek section by State Game Protector W. C. Kelley, of DuBois. Dogs had run the little spotted beauty's mother out of the country and the hungry little orphan was picked up by a farmer's boy, who notified the game protector and he secured the fawn and brought it to Mrs. Rearick's orphanage for deer.

Sunday morning Deputy State Game Protector David Zufall, of Big Run, arrived at Keeper Rearick's place with a second spotted fawn, making the third one to be turned over to Rearick within the past month. This latter little deer had evidently been near death at the claws of a wild cat as the cruel marks of the cat's claws were plainly shown by long gashes in the neck and one ear. The fawn was so frightened by the attack of the wild cat that it ran out of the woods into a nearby farm yard seeking escape and made no effort to avoid capture.

About the time Mr. Zufall and his fawn arrived Deputy Game Protector W. J. Davis, of Clearfield, arrived at the camp with a raccoon which he had found in the possession of a Glen

FLORIDA WHIPPER
FACING TRIAL TODAY

Lake City, Fla., June 25.—T. W. Higginbotham, convict camp boss, is facing trial here today on a charge of murdering Martin Tabert, the North Dakota youth. The prosecution will attempt to show that Higginbotham whipped Tabert so severely that the young man's death resulted. The boy had been "leased" to the Putnam lumber camp, of which Higginbotham was the alleged whipping boss, after being arrested on a charge of stealing a ride on a freight train.

Due to the death of Mrs. Fred Cone, wife of one of the attorney's representing Higginbotham, the defense was expected to ask for another continuance of the long delayed trial at the opening of court.

PENNSY IGNORES
RAIL LABOR BOARD

Chicago, June 25.—The Pennsylvania railroad, ignoring the United States Railroad Labor Board's recent reprimand, has completed additional election for employees' representatives under the company's union plan, the road announced in an election held for the shop craft and miscellaneous forces in Illinois and Indiana. A 76-4 vote was passed.

Born to Mr. and Mrs. Lloyd C. Owens on Saturday last a ten pound girl baby. She will answer to the name of Doris Mae.

Richey man and had to take charge of because of the provision of the state game laws which forbids any person having protected game animals or birds in their possession during the closed season.

HORSES BURNED IN FIRE AT ST. MARYS

St. Marys, Pa., June 25, 1923.—Four horses were burned to death in a fire at six o'clock Friday evening, which destroyed the barn of the St. Marys Transfer company, in the rear of 135 Mill street, St. Marys. The fire started in the frame of the barn and spread to the horses. Frank J. Jones, proprietor of the Transfer company, estimated the loss at \$8,000, about fifty per cent of which is covered by insurance.

Mr. and Mrs. Erskine, who live in the residence on the front of the lot on which the barn stood, had just left home in their automobile when they noticed smoke belching from the building. The alarm was given immediately, and meanwhile Mr. Erskine attempted to get the horses out of the burning building. But it was too late.

The barn also contained wagons, harness, hay, grain, quilting and other articles. Everything was destroyed.

Florence Nightingale's Gift.
On her return from the Crimea Florence Nightingale was given \$250,000, which she devoted to founding the Nightingale Home for Training Nurses.

Horrors of Love.
Be careful not to fall in love. According to an Italian medical journal, researches have been made on the blood of people in love, and marked abnormalities have been found. If the disease is not speedily cured, love may lead to neurasthenia and even insanity. Sometimes it even results in marriage. —Boston Globe.

Time Enough.
In Nevada a woman's club with charitable leanings staged a vaudeville show at the "University of Time," as the state penal institution is facetiously called. One of the women had to return to town early, and not wishing to disturb the other entertainers she appealed to the officer in whose charge they had been placed. The latter courteously offered to send her home in his car with a "trustee" as chauffeur. After starting on her homeward journey with the convict the lady regretted her rashness and decided to extricate herself at all costs. "Are you sure you have time to take me all the way to the city?" she anxiously began. "Well, madam," the convict answered, "I have five minutes of gas and fourteen ven."

MRS. ELIZABETH PETERS

Mrs. Elizabeth Peters, a highly respected citizen of Woodland, died Friday afternoon, June 22, 1923 at 3 o'clock at the home of her daughter, Mrs. Laarce Walker of Gramplan.

Mrs. Peters' family name known as Grandma Peters was born in Bradford township March 10, 1840, making her age 83 years, 3 months and 12 days.

Her parents were Joel and Alice Stone. Her husband Will in 1911 died a number of years ago at their farm home two miles east of Woodland. Since his death she has made her home among her children, mostly with her daughter, Mrs. Arch Devling, of Woodland, her granddaughter, Mrs. Chris Eshelman, of Clearfield, and the daughter at Gramplan, at whose home she died.

Surviving her are the following sons: J. L. Devling, Mount A., Mrs. E. H. Albert and Mrs. Arch Devling, of Woodland, Mrs. Laarce Walker, of Gramplan and Zack, of Wellsborough, Pa.

Eleven grand children and twelve great grand children survive and one brother Lindsay Stone, of Washington, D. C. Funeral services will be held at the home of Arch Devling, Monday morning at 10:30 in charge of Rev. Hummel of the Woodland M. E. church. Burial will be made at Bradford cemetery.

How the Money Goes.

Exclusive.
Young Heffron was overjoyed when Ruby Jackson promised to be his wife and presented himself before the rich old father to obtain his consent. "What do you want a wife for when you can scarcely support yourself?" queried the old gentleman crustily. "Why, sir, my daughter would starve!" "Well, sir," replied Heffron, with great dignity, "if you are the kind of man to let your daughter and her husband starve, I don't wish to enter the family."
